**NOTICE TO OFFERORS**  
(Chapter 103D, HRS)

OFFER FORMS for furnishing, delivering, and installing Furniture for the **KONA JUDICIARY COMPLEX, FURNITURE AND EQUIPMENT, D.A.G.S. JOB NO. 11-21-7673** will be received at the Department of Accounting and General Services, Public Works Division (DAGS PW) Office, fourth floor of the Kalanimoku Building, Room 426, 1151 Punchbowl Street, Honolulu, Hawai'i.. Solicitation documents may be obtained on compact disk from the Public Works Division Office, Kalanimoku Building, Room 422. The solicitation documents may also be available in electronic format from the Department's website at <http://pwd.hawaii.gov/bidding>. Failure to receive any addenda may cause rejection of a bid.

**Submit OFFER FORMS UP TO 2:00 PM, September 27, 2018.** At that time, offers will be publicly opened. Offers received after the due time and date will not be considered.

For parties that have submitted offers on past solicitations made by the State Procurement Office for furniture, please note that this solicitation is being made by the Department of Accounting and General Services, Public Works Division.

The Hawaii products preference pursuant to ACT 175, SLH 2009 may be applicable for items of this solicitation. Persons wishing to certify and qualify a product not currently listed as a Hawaii Product shall submit a Certification for Hawaii Product Preference (form SPO-38) to: Department of Accounting and General Services, Public Works Division, 1151 Punchbowl Street, Room 426, Honolulu, Hawaii, Attn: Jolie Yee. The product shall meet the specifications of this project. The submittal must be received by DAGS by 4:30 p.m. on September 12, 2018. View the current Hawaii Products List on the State Procurement Office (SPO) website at <http://spo.hawaii.gov/for-vendors/hawaii-product-preferences/>.

For each product, one form shall be completed and submitted (i.e. 3 products should have 3 separate forms completed). The form is available on the SPO webpage at <http://spo.hawaii.gov/all-forms/>.

**Campaign Contributions by State and County Contractors**

Contractors are hereby notified of the applicability of Section 11-205.5 HRS, which states that campaign contributions are prohibited from specified State and County government contractors during the term of the contract if the contractors are paid with funds appropriated by a legislative body.

Substitution requests and questions relating to this solicitation must be submitted no later than twenty-one (21) calendar days prior to the bid opening date. Refer to the Special Provisions for other requirements.

Notice to Offerors  
NTO-1

**FURNISH, DELIVER AND INSTALL FURNITURE AND EQUIPMENT  
FOR THE KONA JUDICIARY COMPLEX, KONA, HAWAII, HAWAII'  
DAGS JOB NO. 11-21-7673**

Public Works Administrator  
Department of Accounting and General Services  
Public Works Division  
State of Hawaii  
Honolulu, Hawaii 96813

Dear Sir,

The undersigned has carefully read and understands the terms and conditions specified in the Specifications, Special Provisions, and the Attorney General's General Conditions, AG-008 Rev. 8/29/2008, by reference made a part hereof and available upon request; and hereby submits the following offer to perform the work specified herein, all in accordance with the true intent and meaning thereof. It is understood that the State reserves the right to accept or reject any or all offers, and to waive any defect in any offer when, in the opinion of the State, such acceptance or rejection is in the best interest of the State. The undersigned further understands and agrees that by submitting this offer, 1) he/she is declaring his/her offer is not in violation of Chapter 84, Hawaii Revised Statutes, concerning prohibited State contracts, and 2) he/she is certifying that the price(s) submitted was (were) independently arrived at without collusion.

Offeror is:

### **1.0 TERMS AND ACRONYMS USED HEREIN**

Contracts Administrator	The contracting officer for the State of Hawaii, Department of Accounting and General Services.
DAGS-PW	Department of Accounting and General Services, Public Works Division located at the Kalanimoku Building, 1151 Punchbowl Street, Room 426, Honolulu, Hawaii 96810; P.O. Box 119, Honolulu, Hawaii 96810-0119.
Bidder or Offeror	Any individual, partnership, firm, corporation, joint venture, or other entity submitting directly or through a duly authorized representative or agent, a bid for the goods, service, or construction contemplated.
Furnishings Contractor	An individual, partnership, firm, corporation, joint venture, or other legal entity undertaking the execution of work to furnish, deliver, and install furnishings under the terms of the contract with the STATE and acting directly or through his, their or its agents, employees, or sub-contractors.
GC	Attorney General's General Conditions, AG-008 Rev. 8/29/2008
HRS	Hawaii Revised Statutes
HAR	Hawaii Administrative Rules
IFB	Invitation for Bids
RFP	Request for Proposals
GET	General Excise Tax
USPS	United States Postal Service
SPO	State Procurement Office

### **1.1 SCOPE**

The furnishing, delivering, and installing of furnishings for the Kona Judiciary Complex, Kona, Hawai'i, Hawai'i, shall be in accordance with these Special Provisions, the attached specifications, and the Attorney General's General Conditions, AG-008 Rev. 8/29/2008, included by reference. Copies of the GC are available at the Department of Accounting and General Services District Offices of Hawai'i, Maui, and Kauai, and on the Internet at [http://www4.hawaii.gov/bidapps/general\\_terms.cfm](http://www4.hawaii.gov/bidapps/general_terms.cfm).

### **1.2 CONTRACTS ADMINISTRATION**

The contact for this project is the DAGS Hawaii District Office.

### **1.3 OFFEROR QUALIFICATIONS**

#### 1. Offeror's authority to bid:

The State will not participate in determinations regarding an Offeror's authority to sell a product. If there is a question or doubt regarding an Offeror's right or ability to obtain and sell a product, the Offeror should resolve that question prior to submitting an offer. If an Offeror offers a product that meets the specifications and is acceptable and the price submitted is lowest price bid, the contract will be

awarded to that Offeror.

2. Local Oahu Office and/or Representative:

- a. Offeror shall have a permanent office location and/or representative on the island of Oahu from which he/she conducts business, from which he/she shall be accessible for telephone calls, and where products and parts can be staged and/or stored, as may be necessary, in the event that the project is not ready on schedule for furniture installation. Failure to maintain the permanent Oahu office location shall be sufficient grounds for termination of contract.
- b. If Offeror will be subcontracting any of the work specified herein, the subcontractor shall have the qualifications listed above for the portion of work to be subcontracted as well as any adjustments and repairs of products provided herein. Offeror shall complete "Offeror Information" on the OFFER FORM.

**1.4 CERTIFICATION OF INDEPENDENT COST DETERMINATION**

By submission of a bid response to this IFB, Offeror certifies as follows:

- a. The costs in this IFB have been arrived at independently, without consultation, communication, or agreement with any other bidder, as to any matter relating to such costs for the purpose of restricting competition.
- b. Unless otherwise required by the law, the cost which has been quoted in this IFB have not been knowingly disclosed by the Offeror prior to award, directly or indirectly, to any other bidder or competitor prior to the award of the contract.
- c. No other attempt has been made or will be made by the Offeror to indicate any other person or firm to submit or not to submit for the purpose of restricting competition.

**1.5 BID PREPARATION**

All bids must be typewritten on the Offer Form provided and must be in accordance with the terms and conditions stated herein.

**1. Legal Name**

- a. Offeror is requested to submit its offer using Offeror's exact legal name as registered with the Department of Commerce and Consumer Affairs, if applicable; and to indicate exact legal name in the appropriate space on Offer Form, page OF-1.
- b. Failure to do so may delay proper execution of the contract.

## 2. Original Signature

The authorized signature on the first page of the Offer Form shall be an original signature in ink. If unsigned or the affixed signature is a facsimile or a photocopy, the offer shall be automatically rejected unless accompanied by other material, containing and original signature, indicating the Offer's intent to be bound.

## 3. Bid Prices

Bid prices shall include, but not be limited to the following:

- a. Delivery and installation complete to destinations: Kona Judiciary Complex, 74-5485 Kamakaeha Avenue, Kona, Hawai'i, Hawai'i 96740.
- b. All applicable taxes, including the Hawaii General Excise Tax, manufacturer and freight costs, labor, materials, equipment, storage, transportation, installation, warranty, and any other incidental cost to provide items as specified herein.
- c. Each item, including all sub-items, offered shall be priced separately and the unit prices extended and totaled. In case of error in extension of price, unit price will govern.
- d. In case of error in the Total Sum Bid, the sum of the total amount bid for each appropriate line item or sub-item will govern.
- e. Offeror need not offer pricing for each group to be considered for award. However, Offeror must bid on all sub-items (**e.g. Item C1 thru W**) within an item grouping (**e.g. Seating and Misc.**) to be considered for award for that item grouping.
- f. Delivery of items, to the destinations specified herein above, completely assembled, adjusted, and placed as directed by the Contracts Administrator.
- g. Removal from premises, all packaging debris and wrapping after delivery and installation.

## 4. Compliance Requirements

- a. §3-122-112, HAR, Offeror is advised that if awarded a contract under this solicitation, Offeror shall, upon award of the contract, furnish proof of compliance with the requirements of:
  - 1) Chapter 237, tax clearance;
  - 2) Chapter 383, unemployment insurance;
  - 3) Chapter 386, workers' compensation;
  - 4) Chapter 392, temporary disability insurance;
  - 5) Chapter 393, prepaid health care
  - 6) Chapter 103D-310(c), Certificate of Good Standing (COGS) for entities doing business in the State.

- b. Pursuant to §103D-310(c), HRS, the lowest responsive Offeror shall be required to submit a certificate of compliance issued by the Hawai'i State Department of Labor and Industrial Relations (DLIR). The certificate is valid for six (6) months from the date of issue and must be valid on the date it is received by the DAGS-PW. A photocopy of the certificate is acceptable to the DAGS-PW.

The certificate of compliance shall be obtained on the State of Hawai'i, DLIR *APPLICATION FOR CERTIFICATE OF COMPLIANCE WITH SECTION 3-122-112, HAR*, Form LIR#27 which is available at <http://hawaii.gov/labor/formsall.shtml>, or at the neighbor island DLIR District Offices. The DLIR will return the form to the Offeror who in turn shall submit it to the SPO. The application for the certificate is the responsibility of the Offeror, and must be submitted directly to the DLIR and to the DAGS-PW.

- c. Certificate of Good Standing

- 1) Compliance with Section 103D-310(c), HRS. Pursuant to Section 3-122-112, HAR, the lowest responsive Offeror shall be required to submit a *CERTIFICATE OF GOOD STANDING* (Certificate) issued by the State of Hawai'i Department of Commerce and Consumer Affairs (DCCA) Business Registration Division (BREG).
- 2) The Certificate is valid for six (6) months from date of issue and must be valid on the date it is received by the DAGS-PW. A photocopy of the certificate is acceptable to the DAGS-PW.

## 5. Hawaii Compliance Express (HCE)

Alternately, instead of separately applying for the certificates from the various state agencies (DLIR, DCCA, and DOTAX), vendors may choose to use the Hawaii Compliance Express (HCE) which allows businesses to register online through a simple wizard interface at <http://vendors.ehawaii.gov> to acquire a "Certificate of Vendor Compliance". The HCE provides current compliance status as of the issuance date. The "Certificate of Vendor Compliance" indicating that vendor's status is compliant with the requirements of §103D-310(c), HRS, shall be accepted for both contracting purposes and final payment. Vendors that elect to use the new HCE services will be required to pay an annual fee of \$12.00 to the Hawaii Information Consortium, LLC (HIC). Vendors choosing not to participate in the HCE program will be required to provide paper certificates as instructed in the sections previous to this one.

## 6. Timely Submission of all Compliance Certificates

- a. To obtain the Certificate, the Offeror must first be registered with the BREG. A sole proprietorship, however, is not required to register with the BREG, and therefore not required to submit the certificate.
- b. On-line business registration and Certificate are available at [www.BusinessRegistrations.com](http://www.BusinessRegistrations.com).

- 1) To register or to obtain the Certificate by phone, call (808) 586-2727 (M-F 7:45 a.m. to 4:30 p.m. HST).
- 2) Offerors are advised that there are costs associated with registering and obtaining the Certificate.
- c. The above certificates should be applied for and submitted to the DAGS-PW as soon as possible.
- d. If a valid certificate is not submitted on a timely basis for award of a contract, an otherwise responsive and responsible offer may not receive the award.

## **7. Tax Liability**

- a. Work to be performed under this solicitation is a business activity taxable under Chapter 237, HRS, and if applicable, taxable under Chapter 238, HRS.
- b. Vendors are advised that they are liable for the Hawaii GET at the current 4.167% rate for work done on Hawai'i.
- c. If, however, an Offeror is a person exempt by the HRS from paying the GET and therefore not liable for the taxes on this solicitation, Offeror shall state its tax exempt status and cite the HRS chapter or section allowing the exemption.

## **8. Taxpayer Preference**

- a. For evaluation purposes, pursuant to §103D-1008, HRS, the Offeror's tax-exempt price offer submitted in response to an IFB shall be increased by the applicable retail rate of general excise tax and the applicable use tax. Under no circumstance shall the dollar amount of the award include the aforementioned adjustment.

## **11. Cost for Bid Preparation**

- a. Any costs incurred by the Offeror for the development and submittal of a bid in response to this IFB shall be the responsibility of the Offeror, whether or not any award results from this solicitation. The State of Hawai'i shall not be responsible for any such costs.

## **1.6 SUBSTITUTION REQUEST**

### **1. Pre-approved Products**

For this solicitation all products offered require pre-approval by the State prior to bid opening date.

2. It is the intent of the State to purchase high-grade quality furniture and equipment. However, it is not the State's intent to exclude or limit the products of any

responsible manufacturer, if such products are comparable to the quality, performance and/or characteristics of the "pre-approved product(s)".

3. Therefore, any Offeror interested in offering an alternative brand and/or model number shall submit their substitution request for consideration by the DAGS-PW in accordance with these Special Provisions.
4. For substitution consideration, interested Offerors must submit, for evaluation, product brochure and specification literature and/or other pertinent specification information, listing modifications, if any, to:

Mr. Keith S. Kogachi  
Department of Accounting and General Services  
Public Works Division  
1151 Punchbowl Street, Room 426  
Honolulu, Hawaii 96813

5. The substitution request shall be submitted on a CD and also include hard copy sets of **Two (2)**, together with **Two (2)** sets of brochures and specification literature and/or other pertinent specification information, and shall be accompanied by **Two (2)** hard copies of a statement of variances, if any, as described on the attached Sample Request for Substitution. The CD should include all copies of what is submitted with clearly labeled files.
  - a. The burden of proof as to the quality, performance, characteristics and/or suitability of the proposed substitute product(s) is on the Offeror. Accordingly, Offeror shall submit product brochures and specification literature verifying that the proposed substitute product(s) conforms to the specification requirements.
  - b. The statement of variances must list all features of the proposed substitution which differ from the plans, specifications and/or product(s) specified and must further certify that the substitute has no other variant features.
  - c. The brochures shall be clearly marked showing the make, model, size, options, etc. and must include sufficient evidence to enable the State to evaluate each feature listed as a variance.
  - d. Should an unlisted variance be discovered upon review of the product literature, the penalty shall be immediate rejection of request for substitution.
  - e. The written substitution request shall be submitted not later than 4:30 p.m., **twenty-one (21) calendar days prior** to the bid opening date, and shall be date and time stamped in Room 426 (Kalanimoku Building, 1151 Punchbowl Street). Substitution requests by FAX and/or e-mail are not acceptable.
6. Any product determined by the DAGS-PW, upon evaluation, to be an acceptable equal, will be listed in an Addendum issued prior to the bid opening date.
  - a. The State will be the sole judge as to the comparable quality and suitability of the product and its decision shall be final.

- b. Only "Pre-approved products" listed in the IFB or as amended by addenda will be considered for award.
  - c. If an Offeror offers a product without the State's pre-approval, the product shall not be considered for award.
7. Should it become known, after the deadline for submittal of written substitution requests but before bid opening, that a part/model number is obsolete or has been changed by the manufacturer; Offeror shall include the new part/model number on the appropriate Offer Form page with an explanation.
- a. If requested by the State, Offeror shall provide documentation within two (2) working days, that reflect the part/model number change and confirms that the item meets all bid specifications.
  - b. The State reserves the right to be the sole judge as to the acceptability of the product.

## **8. Samples**

- a. During the pre-approval process a product, product samples or an inspection by the State of furniture and/or equipment installed locally may be requested. All furniture and/or equipment furnished and installed, if required, as a result of this bid solicitation must be fully equal to the samples submitted or to the products inspected and approved by the DAGS-PW as an equivalent substitute.
- b. Sample products, product brochures and other information submitted shall become the property of the State and shall not be returned; however, the State, at its option, may return the product samples.

### **1.7 ADDENDA AND INTERPRETATIONS**

- 1. Discrepancies, omissions, or doubts as to the meaning of the specifications shall be:
  - a. communicated in writing to:  
  
State of Hawaii  
Department of Accounting and General Services  
Public Works Division  
Attention: Mr. Daniel Jandoc  
P.O. Box 119  
Honolulu, Hawaii 96810-0119
  - b. or faxed to (808) 586-0530 and (808) 586-0521 for interpretation
  - c. must be received no later than 4:30 p.m., fourteen (14) calendar days prior to the dated fixed for bid opening.

2. Any interpretation, if made, and any supplemental instructions, will be in the form of written Addenda to the specifications which will be made available to all prospective Offerors prior to the date fixed for the opening of bids, which have registered with DAGS-PW.
3. Failure of any Offeror to receive such Addendums or interpretations shall not relieve such Offeror from an obligation under his bid submitted.
4. All Addenda issued shall become part of the contract documents.

## **1.8 SUBMISSION OF OFFER**

### **1. Timing of submission**

- a. Offers will be received at the Department of Accounting and General Services, Public Works Division (DAGS PW) Office, fourth floor of the Kalanimoku Building, Room 426, 1151 Punchbowl Street, Honolulu, Hawai'i, no later than the date and time stated on the Notice to Offerors.
- b. Timely receipt of offers shall be evidenced by the date and time registered by the DAGS-PW time stamp clock. Offers received after the deadline shall be returned unopened.
- c. If the Offeror chooses to deliver its offer by United States Postal Service (USPS), please be aware that the USPS does not deliver directly to Room 426. This may cause a delay in receipt by the DAGS-PW and the offer may reach the DAGS-PW after the deadline, resulting in automatic rejection.

### **2. Manufacturer's Names and Numbers**

- a. Offeror shall identify on the appropriate Offer Form page(s) the exact brand(s) or manufacturer name(s) and product model number(s), order number(s) or other identifier(s) of each product offered.
- b. Failure to do so or the inclusion of remarks such as "as specified" shall be sufficient grounds for rejection of bid. If any of the called for elements of product information are missing on the Offer Form, the State will be unable to determine whether the Offeror is a responsive Offeror for the product offered.

### **3. Item Clarifications**

- a. No Offeror will be allowed to alter, change and/or revise the product identification after bid opening. Offeror will not be allowed to clarify product identification after bid opening.
- b. This is to ensure that all offers are submitted under the same conditions with no opportunity for one Offeror to have an advantage over any other Offeror after exposure of offers.

### **4. Item Descriptions**

- a. All descriptions included herein are as complete as possible. Offer shall understand that all accessories, fasteners, anchorage devices, protective finishes, trim pieces and the like for complete installations shall be provided and included in the bid price.
- b. The Offeror shall submit a bid such that the product bid is completely workable without the necessity to add additional items after submission of the bid.
- c. Where a series number is listed as an "acceptable product", the series number shall be understood to include all sub-numbered items, as well as all appurtenances, to complete the product requirements.
- d. Where a model number is specified, but the product must be modified to conform to the detailed specifications, the product shall be modified at the factory. Any factory alteration(s) or modification(s) made to the model(s) offered shall be identified by the Offeror. Offeror shall ensure that full product warranty/guarantee shall apply to factory altered or modified model(s).

## **5. Offer Guaranty**

An offer security deposit is not required for this IFB.

## **1.9 AWARD OF CONTRACT**

### **1. Method of Award**

- a. Award(s) if any, shall be made to the lowest responsive and responsible Offeror(s) on an individual group basis, or if specified, on a Total Sum Bid basis for each specified grouping of items or sub-items.
- b. Offeror need not bid on all group items. However, Offeror must bid on all items or sub-items within a grouping to be considered for award for the grouping.

### **2. Other Conditions for Award**

- a. The State may reject any or all offers and waive any defects in any offer if, in the opinion of the State, the rejection or waiver is in the best interest of the State.
- b. The State may hold all offers up to ninety (90) calendar days from the date offers were opened. Unless otherwise required by law, offers may be withdrawn only with the acceptance and approval of the State.
- c. The award of the contract is conditioned upon funds made available for the project.
- d. Any agreement or contract is subject to approval by the Department of the Attorney General, and the approval of the Governor, as required by statute,

regulation, rule, order, or other directive.

### **3. Responsibility of Lowest Responsive Offeror**

Reference §3-122-112, HAR, Responsibility of Offerors: If compliance documents have not been submitted to the DAGS-PW prior to award, the lowest responsive and responsible Offeror(s) shall produce documents to the DAGS-PW to demonstrate compliance with this section.

## **1.10 EXECUTION OF CONTRACT**

### **1. Bond**

No performance or payment bonds shall be required for this contract.

2. The State shall forward a formal contract to the successful Offeror for execution. The contract shall be signed by the successful Offeror and returned within ten (10) calendar days after receipt by the Offeror.

### **3. Notice to Proceed**

- a. Work will commence on the official commencement date specified on the Notice to Proceed.
- b. No work is to be undertaken by the Furnishings Contractor prior to the official commencement date specified on the Notice to Proceed issued by the State upon execution of the contract by both parties.
- c. The State is not liable for any work, contract, costs, expenses, loss of profits, or any damage whatsoever incurred by the Furnishings Contractor prior to the official commencement date.

### **4. Discontinued or Obsolete Product**

In the event the product is discontinued or becomes obsolete, the Furnishings Contractor will recommend a substitution, which will be subject to approval by the State.

## **1.11 CAD DRAWINGS IN ELECTRONIC FORM**

Drawings in electronic format, prepared by the Architect will not be provided.

## **1.12 SHOP DRAWINGS AND OTHER SUBMITTALS**

Furnishings Contractor shall submit shop drawings to the Contracts Administrator or his designated representative in a timely manner. Products include systems, tables, casegoods and other items requiring power connection and/or built-in environment. The following documents shall be submitted:

1. CAD drawing (both hard copy and digital) and narrative describing:

- a. All workstation configuration types, including all non-typical or customized stations. Floor Plan & Elevations are required for all furniture systems that are wall mounted.
- b. Plans and isometric drawings shall be 1/4" = 1'-0", and shall describe the following:
  - 1) Panel plan with work surface and storage or support plans describing:
    - a) Low and/or open frame panels
    - b) Partial or full glazed panels
    - c) Panel heights and widths that will accommodate future expansion from panel enclosure to full work stations
  - 2) Electrical device layout
    - a) Wiring diagram
    - b) Electrical components
  - 3) Voice/data channels to facilitate the installation of patch cables for a clean installation.
  - 4) Details of all components and accessories intended to be used and clearly indicating the entire installation, including all parts not illustrated in the station types.
  - 5) Provide legend describing the symbols to match those used in the plan.
2. Material components parts listing that include:
  - a. Parts number
  - b. Descriptions
  - c. Unit costs and extensions
  - d. Amortized freight and shipping costs.
  - e. Discounts
  - f. Total price for individual systems types, including freight, delivery and installation.
  - g. The sum total of the individual system type which must agree to the bid totals on the Offer Form.
3. Manufacturer's product specifications and brochures, with product images and actual finish samples of metal, wood, plastic laminate, polypropylene, upholstery, paint, etc.
4. The Furnishings Contractor shall not assume the accuracy of the requirements as documented by the drawings and specifications.
  - a. Actual field verification of dimensions, outlets and built environment will be necessary.

- b. The Furnishings Contractor may request to inspect the building to identify phasing and staging, or any restrictions that might have an impact on the system furniture installation.
  - c. Details for all conditions as it relates to the unique building construction at the interface between movable panel systems and the work of other contractors shall be submitted with the Offer Form.
5. The Furnishings Contractor shall prepare, and thoroughly check, approve, all shop drawings, including those prepared by subcontractors or any other persons. The Furnishings Contractor shall indicate its approval by stamping and signing each drawing. Any shop drawing submitted without being reviewed, stamped and signed will be considered as not having been submitted, and any delay caused thereby shall be the Furnishings Contractor's responsibility.
6. All shop drawings as required by the contract, or as determined by the Contracts Administrator to be necessary shall be submitted to the Contracts Administrator with such promptness as to cause no delay in the work or in that of any other Furnishings Contractor. Delay caused by the failure of the Furnishings Contractor to submit shop drawings on a timely basis to allow for review, possible re-submittal and acceptance will not be considered as a justifiable reason for a contract time extension.
7. It is the Furnishings Contractor's obligation and responsibility to check all of its and its subcontractor's shop drawings and be fully responsible for them and for coordination with connecting and other related work. By approving and submitting shop drawings, the Furnishings Contractor thereby represents that it has determined and verified all field measurements and criteria, or will do so, and that it has checked and coordinated each shop drawing with the requirements of the work and the contract documents. When shop drawings are prepared and processed before field measurements and criteria can be or have been determined or verified, the Furnishings Contractor shall make all necessary adjustments in the work or resubmit further shop drawings, all at no change in contract price or time.
8. Shop Drawing Form - Each drawing and/or series of drawings submitted must be accompanied by a letter of transmittal giving a list of the titles and number of the drawings. Each series shall be numbered consecutively for ready reference and each drawing shall be marked with the following information:
  - a. Date of Submission
  - b. Name of Project
  - c. Project Number
  - d. Location of Project
  - e. Name of submitting Furnishings Contractor and Subcontractor
  - f. Revision Number
9. The size of the sheets that shop drawings are prepared on shall be appropriate to suit the drawing being presented so that the information is clearly and legibly depicted. At the determination of the Contracts Administrator, for each sheet of

drawings, the submittal shall consist of either; one reproducible transparency and five prints, or eight prints.

10. Descriptive Sheets and Other Submittals - When a submittal is required by the contract, the Furnishings Contractor shall submit to the Contracts Administrator eight (8) complete sets of descriptive sheets such as shop drawings, brochures, catalogs, illustrations, certificates, warranty, etc., which will completely describe the material, product, equipment, furniture or appliance to be used in the project as shown in the drawings and specifications. Prior to the submittal, the Furnishings Contractor shall review and check all submittal sheets for conformity to the contract requirements and indicate such conformity by marking or stamping and signing each sheet. Where descriptive sheets include materials, systems, options, accessories, etc. that does not apply to this contract, non-relevant items shall be crossed out so that all remaining information will be considered applicable to this contract. It is the responsibility of the Furnishings Contractor to submit descriptive sheets for review and acceptance by the Contracts Administrator as required at the earliest possible date after the date of award in order to meet the contract delivery schedule. Delays caused by the failure of the Contractor to submit descriptive sheets as required will not be considered as justification for contract time extension.
11. Material Samples and Color Samples - When material and color sample submittals are required by the contract, the Furnishings Contractor shall review, approve, indicate its approval and submit to the Contracts Administrator no less than five (5) samples of the materials to be used in the project and color selection samples. Three (3) samples will be retained by the Consultant, one (1) sample will be retained by the State, and the remaining sample(s) will be returned to the Furnishings Contractor. Prior to the material and color submittal, the Furnishings Contractor shall review and check all samples for conformity to the contract requirements and indicate such conformity by marking or stamping and signing each sample. It is the responsibility of the Furnishings Contractor to submit samples for review and acceptance by the Contracts Administrator as required at the earliest possible date after the date of award in order to meet the contract delivery schedule. Delays caused by the failure of the Furnishings Contractor to submit material and color samples as required will not be considered as justification for contract time extension.
12. Submittal Variances - The Furnishings Contractor shall include with the submittal, written notification clearly identifying all deviations or variances from the contract drawings, specifications and other Contract Documents. The notice shall be in a written form separate from the submittal. The variances shall also be clearly indicated on the shop drawing, descriptive sheet, material sample or color sample. Failure to so notify of and identify such variances shall be grounds for the subsequent rejection of the related work or materials, notwithstanding that the submittal was accepted by the Contracts Administrator. If the variances are not acceptable to the Contracts Administrator, the Furnishings Contractor will be required to furnish the item as specified or indicated on the contract documents at no additional cost or time.
13. Review and Acceptance Process - Submittals will be returned to the Contractor within twenty-one (21) calendar days after receipt by the Contracts Administrator

unless otherwise agreed between the Furnishings Contractor and the Contracts Administrator or as stated elsewhere in the contract documents.

- a. The acceptance by the Contracts Administrator of the Furnishings Contractor's submittal relates only to their sufficiency and compliance with the intention of the contract. Acceptance by the Contracts Administrator of the Furnishings Contractor's submittal does not relieve the Furnishings Contractor of any responsibility for accuracy of dimensions, details, and proper fit, and for agreement and conformity of submittal with the contract drawings and specifications. Nor will the Contracts Administrator's acceptance relieve the Furnishings Contractor of responsibility for variance from the contract documents unless the Furnishings Contractor, at the time of submittal, has provided notice and identification of such variances required by this section. Acceptance of a variance shall not justify a contract price or time adjustment unless the Furnishings Contractor requests such an adjustment at the time of submittal and the adjustment is explicitly agreed to in writing by the Contracts Administrator. Any such request shall include price details and proposed scheduling modifications. Acceptance of a variance is subject to all contract terms, stipulations and covenants.
  - b. If the Contracts Administrator returns a submittal to the Furnishings Contractor that has been rejected, the Furnishings Contractor, so as not to delay the work, shall promptly make a re-submittal conforming to the requirements of the contract documents and indicating in writing on the transmittal and the subject submittal what portions of the re-submittal has been altered in order to meet the acceptance of the Contracts Administrator. Any other differences between the re-submittal and the prior submittal shall also be specifically described in the transmittal.
  - c. No mark or notation made by the Contracts Administrator on or accompanying the return of any submittal to the Furnishings Contractor shall be considered a request or order for a change in work.
14. Failure to provide the documentation as described above for the system furniture by the Furnishings Contractor shall result in the automatic rejection of the submittal.

### **1.13 COORDINATION OF CONTRACT DOCUMENTS**

It is the intent of the Contract Documents to describe a functionally complete Project (or part thereof) to be constructed in accordance with the Contract Documents. The Contract Documents are complementary: any requirement occurring in one document is as binding as though occurring in all. In the event of conflict or discrepancy the priorities stated in the following subparagraphs shall govern:

1. Addenda shall govern over all other Contract Documents. Subsequent addenda issued shall govern over prior addenda only to the extent specified.
2. Specifications shall govern over drawings.

3. Specification Error - Should an error or conflict appear within the specification, the Furnishings Contractor shall immediately notify the Contracts Administrator. The Contracts Administrator shall promptly issue instructions as to procedure. Any requirement occurring in one or more parts of the specification is as binding as though occurring in all applicable parts. Should an error or conflict appear within a specification section, between a listed manufacturer / product and the performance requirements of the specification section, the performance requirements shall govern.
4. Drawings:
  - a. Schedules and interior elevations shall govern over all other notes and drawings.
  - b. Except for drawing schedules and interior elevations as noted above, general notes shall govern over all other portions of the drawings.
  - c. Larger scale drawings shall govern over smaller scale drawings.
  - d. Figured or numerical dimensions shall govern over dimensions obtained by scaling. Measurements from the drawings when scaled shall be subject to the approval of the Contracts Administrator.
  - e. In cases of discrepancies in the figures or drawings, the discrepancies shall be immediately referred to the Contracts Administrator without whose decision said discrepancy shall not be corrected by the Furnishings Contractor save at its own risk and in the settlement of any complications arising from such adjustment without the knowledge and consent of the Contracts Administrator, the Furnishings Contractor shall bear all extra expense involved.
  - f. Items shown on the drawings that are completely void in terms of description, details, quality and / or performance standards in both the drawings and specifications to make a price determination shall be considered an omission and the Furnishings Contractor shall immediately refer same to the Contracts Administrator for a decision.
  - g. Any requirement occurring in one or more of the sheets is as binding as though occurring in all applicable sheets.

#### **1.14 INTERPRETATION OF DRAWINGS AND SPECIFICATIONS**

The Furnishings Contractor shall carefully study and compare the Contract Documents with each other, with field conditions and with the information furnished by the State and shall at once report to the Contracts Administrator errors, conflicts, ambiguities, inconsistencies or omissions discovered. Should an item not be sufficiently detailed or explained in the Contract Documents, the Furnishings Contractor shall report and request the Contracts Administrator's clarification and interpretation. The Contracts Administrator will issue a clarification or interpretation that is consistent with the intent of and reasonably inferred from Contract Documents.

**1.15 LIABILITY INSURANCE**

1. The Furnishings Contractor shall maintain in full force and effect during the life of this contract, liability and property damage insurance to protect the Furnishings Contractor and his subcontractors, if any, from claims for damages for personal injury, accidental death and property damage which may arise from operations under this contract, whether such operations be by himself or by a subcontractor or by anyone directly or indirectly employed by either of them. If any subcontractor is involved in the performance of the contract, the insurance policy or policies shall name the subcontractor as additional insured.
2. As an alternative to the Furnishings Contractor providing insurance to cover operations performed by a subcontractor and naming the subcontractor as additional insured. The Furnishings Contractor may require a subcontractor to provide its own insurance which meets the requirements herein. It is understood that a subcontractor's insurance policy or policies are in addition to the Furnishings Contractor's own policy or policies.
3. The following minimum insurance coverage(s) and limit(s) shall be provided by the Furnishings Contractor, including its subcontractor(s) where appropriate:

<u>Coverage</u>	<u>Limits</u>
<b>Commercial General Liability (occurrence form)</b>	<b>\$1,000,000 combined single limit per occurrence for bodily injury and property damage And \$2,000,000 in aggregate</b>
<b>Basic Motor Vehicle Insurance and Liability Policies</b>	<b>\$1,000,000 per accident</b>

4. Each insurance policy required by this contract, including subcontractor's policy, shall contain the following clauses:
  - a. "This insurance shall not be cancelled, limited in scope of coverage or non-renewed until after 30 days written notice has been given to the State of Hawaii, Department of Accounting and General Services, Public Works Division, P.O. Box 119, Honolulu, Hawai'i 96810-0119."
  - b. "The State of Hawai'i is added as an additional insured as respects to operations performed for the State of Hawai'i."
  - c. "It is agreed that any insurance maintained by the State of Hawai'i will apply in excess of, and not contribute with, insurance provided by this policy."
5. The minimum insurance required shall be in full compliance with the Hawai'i Insurance Code throughout the entire term of the contract, including supplemental agreements.
6. Upon Contractor's execution of the contract, the Furnishings Contractor agrees to deposit with the State of Hawai'i certificate(s) of insurance necessary to satisfy the

State that the insurance provisions of this contract have been complied with and to keep such insurance in effect and the certificate(s) therefore on deposit with the State during the entire term of this contract, including those of its subcontractor(s), where appropriate. Each certificate of insurance shall contain wording which identifies the Project Title and the Project Number for which the certificate of insurance is issued. Upon request by the State, the Furnishings Contractor shall be responsible for furnishing a copy of the policy or policies.

7. Failure of the Furnishings Contractor to provide and keep in force such insurance shall be regarded as material default under this contract, entitling the State to exercise any or all the remedies provided in this contract for a default of the Furnishings Contractor.
8. The procuring of such required insurance shall not be construed to limit the Furnishings Contractor's liability hereunder or to fulfill the indemnification provisions and requirements of this contract. Notwithstanding said policy or policies of insurance, the Furnishings Contractor shall be obliged for the full and total amount of any damage, injury, or loss caused by negligence or neglect connected with this contract.

#### **1.16 EXAMINATION OF WORK SITE**

1. The work site will not be available for examination at this time.
2. The buildings are under construction and scheduled to be completed in March 2019.
3. Coordination to visit the site can be scheduled with the Contracts Administrator at a future date.
4. The Furnishings Contractor and the Contracts Administrator shall conduct a pre-installation walk-through of the buildings.
  - a. A list of pre-existing damage to the building interior finishes shall be prepared, agreed to, and validated by both the Furnishings Contractor and the Contracts Administrator.
  - b. The list will be used to validate any repair issues that might arise post-installation.

#### **1.17 DELIVERY**

1. Prior to delivery, the Furnishings Contractor shall contact the Contracts Administrator at DAGS Hawaii District Office at least five (5) working days prior to delivery to coordinate the delivery arrangements. Items shall not be delivered without prior approval.
2. All items specified herein shall be staged by levels and/or as areas are available for installation as designated by the Contracts Administrator.

3. All freight shall be prepaid on all shipments.
4. All products shall be packed, cartoned and/or crated for overseas export. Packaging should protect against contents that can shift in containers and provide additional protection from damages.
5. Delivered pricing is based on inside delivery, unpacked and cleaned to the specific room intended.
6. Re-Delivery: When re-delivery of merchandise is required, coordination will be made with the Contracts Administrator.
7. Damage Claims: All shipments will be carefully inspected by the Contracts Administrator before acceptance. The delivery carrier will be requested to record any damages or shortage. If further damage is found after delivery, immediate inspection by the delivery carrier will be requested. Notification of concealed damages must be made to the delivering carrier within five (5) calendar days.
8. After delivery of merchandise: Damaged freight will be kept at the point of delivery in the original packing for inspection by carrier.
9. Revised orders: Orders requiring changes to the product or additional options will not incur additional costs unless orders have been processed by the manufacturer. If any additional costs are incurred, pre-approval is required by the Contracts Administrator before proceeding.
10. All freight or express charges will be prepaid by manufacturer on return shipments if manufacturer is in error.
11. Furniture will be punch-listed and or accepted by the Contracts Administrator within five (5) calendar days after installation. This is to deter blame from other trades that may be working in the area that could damage the furniture after installation.
12. Items received damaged must be re-ordered immediately with lead time coordinated with the Contracts Administrator.
13. Delivery is currently projected to begin **between March 01, 2019, and April 30, 2019.** As construction progresses, an updated schedule shall be provided to the Furnishings Contractor upon request to the Contracts Administrator.
14. All receipt(s) should show the DAGS Job Number, purchase order or contract number.

### **1.18 IDENTIFICATION OF DELIVERY**

1. The Furnishings Contractors are responsible for side marking all ordered furniture for the Kona Court Complex as follows:
2. A shipping manifest will be provided that covers all ordered furniture/furnishings shipped in accompanying container/s. This manifest shall list the furniture items by:
  - Group Number and Description (i.e. Group 3 – Seating and Misc.)
  - Item Symbol (i.e. C1)
  - Overall quantity of this item type shipped under this manifest (i.e. Qty: 343)
  - Location for installation – building; floor; room name or department location (i.e. Court Complex, 2<sup>nd</sup> Floor, Courtroom)
3. Each furniture/furnishing item shall have an identifying label located on each piece with the manufacturer's name, model number, symbol description and other general descriptive specification notations.
4. The Furnishings Contractors are expected to coordinate with the Contracts Administrator and/or his designated representative and the furniture installers as furniture/furnishings are uncartoned prior to material movement into the building.
5. Verification of furniture/furnishings by the Furnishings Contractors for particular group (i.e. Group 3 – Seating and Misc.) must be signed off and dated by said party as well as the Contracts Administrator and/or his designated representative displaying acknowledgement and acceptance of a complete order (quantity and correct description of item).

### **1.19 INSCRIPTION**

1. Inscription shall identify dealer and month and year of delivery. Inscription shall be stamped or stenciled with non-erasable ink or paint on each piece of furniture delivered under these specifications.
2. The size of lettering shall be 1/2" block and the inscription shall be placed on an inconspicuous but non concealed surface of each product.
3. Failure to place inscription on products delivered may result in delay of payment.

### **1.20 DELIVERY EXTENSION**

1. The Furnishings Contractor shall complete delivery within the time specified in the contract. If the Furnishings Contractor fails to deliver within the time specified, liquidated damages shall apply. However, the Furnishings Contractor shall not be held responsible for the delay provided he notifies the Contracts Administrator of the delay, in accordance with the provision specified below; and that the reason for the delay is one of the allowable cause also specified in the following provision:

Except with respect to defaults of subcontractors, the Furnishings Contractor shall not be in default by reason of any failure in performance of this contract in accordance with the terms, including any failure by the Furnishings Contractor to make progress in the prosecution of the work hereunder which endangers such performance, if the Contractor has notified the Contracts Administrator within fifteen (15) calendar days after the cause of the delay and the failure arises out of causes such as: acts of God; acts of the public enemy; acts of the State and any other governmental body in its sovereign or contractual capacity; fires; floods; riots; epidemics; quarantine restrictions; strikes or other labor disputes and disturbances; freight embargoes; unusually severe weather; or for delay due to reasons beyond the Contractor's control. If the failure to perform is caused by the failure of a subcontractor to perform or to make progress, and if such failure arises out of causes similar to those set forth above, the Contractor shall not be deemed to be in default, unless the goods or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Contractor to meet the contract requirements.

2. The Contracts Administrator shall be the sole judge of whether whatever such delay is truly beyond the control of the Furnishings Contractor and whether the extension will be granted. No such extension, however, shall be deemed a waiver of the right of the State to terminate the contract or to assess liquidated damages for delays not covered by specific authorized extension.

## **1.21 OPERATION AND REQUIREMENTS**

### **1. Use of Premises**

Material shall be stored in areas as designated by the Contracts Administrator.

### **2. Noise**

- a. Noise and other disrupting activities normally resulting from operations are very detrimental to the conduct of normal activities in adjacent locations surrounding the project area.
- b. Accordingly, the Furnishings Contractor shall exercise every precaution to keep noise resulting from his operations to a minimum. Internal combustion engines and compressors shall be equipped with mufflers to reduce noise to a minimum.

### **3. Parking**

- a. Furnishings Contractor shall use available areas within the designated project site for employees parking and for storage of materials and equipment as designated by the Contracts Administrator.
- b. Areas to be used by the Furnishings Contractor for delivery of items awarded herein shall be designated by the Contracts Administrator for the project.

- c. For parking spaces and permits during the delivery of items awarded herein, it shall be the Furnishings Contractor's responsibility to coordinate the matter with the Contracting Officer for the project. The Furnishings Contractor shall not use parking stalls in regularly designated parking zones within the Facility grounds. Unauthorized vehicles parked in marked stalls and in any area outside of the designated project site will be subject to towing at the Furnishings Contractor's expense.

#### **4. Furnishings Contractor's Operations**

- a. The Furnishings Contractor shall employ, insofar as possible, such methods and means of carrying out his work as not to cause any interruptions or interference to the normal operations of the facilities.
- b. Where the Furnishings Contractor's operations result in interruptions which would hamper the operations of the facilities, the Furnishings Contractor shall rearrange his schedule of work accordingly.
- c. The Furnishings Contractor shall maintain safe passageway for the building occupants and public at all times.

#### **5. Protection of Property**

- a. The Furnishings Contractor shall continually maintain adequate protection of all work from damage and shall protect all property, including but not limited to floors, stairs, walls, elevators, buildings, equipment, furniture, grounds, vegetation, material, and utility systems located at and adjoining the job site.
- b. The Furnishings Contractor shall repair, replace or pay the expense for repair of damages resulting from his fault or negligence in protecting the existing property.

#### **6. Use of Power Driven Equipment**

The Furnishings Contractor is cautioned to take all necessary safety precautions to protect the building occupants and the public whenever power driven equipment is used.

#### **7. Safety**

- a. The Hawai'i Occupational Safety and Health Law, Chapter 396, HRS, effective May 16, 1972, as amended is applicable and made a part of the contract.
- b. The Contractor shall carefully read and strictly comply with its requirements.

#### **8. Clean up of Premises and Trash**

- a. The Contractor shall clean up and remove from premises all debris and trash accumulated from operations from time to time and as directed by the Contracts Administrator.

- b. The Furnishings Contractor shall be responsible for removing and disposing of all debris and trash at his own expense.
- c. Burning of trash is expressly forbidden.

## **9. Responsibility**

- a. The State of Hawai'i shall hold the Furnishings Contractor liable for all the acts of subcontractors and shall deal only with the Furnishings Contractor in matters pertaining to the other trades employed on the job.
- b. The Furnishings Contractor shall be responsible for coordinating the work of all trades on the job.
- c. Should the Furnishings Contractor discover any discrepancy in the plans or specifications, the Furnishings Contractor shall immediately notify the Contracts Administrator before proceeding further with the work; otherwise, the Furnishings Contractor shall be held responsible for any cost involved in correction of work due to such discrepancy.

## **10. No-Smoking Policy**

- a. There shall be no smoking within the buildings. This is to preclude smoke absorption of materials in the buildings. Smoking is also prohibited in all enclosed or partially enclosed areas. Enclosed or partially enclosed areas include but are not limited to areas commonly described as public lobbies, lanais, interior courtyards, patios, and covered walkways. All exterior areas adjacent to air intake ducts or doorways are no smoking areas. Smoking is prohibited within a presumptively reasonable minimum distance of twenty (20) feet from entrances, exits, windows that are open, and ventilation intakes that serve an enclosed or partially enclosed areas where smoking is prohibited.

### **1.22 SUBCONTRACTORS**

The Furnishings Contractor shall not delegate any duties in this IFB to any subcontractor unless the Contracts Administrator has given written approval. The State reserves the right to approval of all subcontractors and shall require the Furnishings Contractor to replace any subcontractors found to be unacceptable by the Contracts Administrator. The Furnishings Contractor shall be the sole point of contact with regard to contractual matters, including payment of any and all charges resulting from the contract, and shall be responsible for all services whether or not performed by the Furnishings Contractor or its subcontractors.

### **1.23 REMOVAL OF EMPLOYEES**

The Furnishings Contractor agrees to remove any of its employees from services rendered and to be rendered to the State, upon request in writing by the Contracts Administrator.

#### **1.24 INSTALLATION**

1. The State will be responsible for any and all permanent construction work to the facilities.
2. The Furnishings Contractor shall be responsible to provide all labor, including all required hardware, materials, tools and equipment for the complete assembly and installation, and proper connection and functioning of the furniture and/or equipment for which Furnishings Contractor was awarded.
3. It shall be the Furnishings Contractor's responsibility to test the furniture and/or equipment to insure that installed furniture and/or equipment is working properly and in accordance with the specifications.

#### **1.25 INSPECTION**

The Furnishings Contractor agrees and understands that the State retains the general right of inspection by a designated representative in order to judge, whether in the State's opinion, such work is performed by the Furnishings Contractor in accordance with terms of this IFB.

#### **1.26 RE-EXECUTION OF WORK**

1. The Furnishings Contractor shall re-execute any work that fails to conform to the requirements of the contract and shall immediately remedy any defects due to faulty workmanship by the Furnishings Contractor.
2. Should the Furnishings Contractor fail to comply, the State reserves the right to engage the services of another company to perform the services and to deduct such costs from monies due to the Furnishings Contractor.

#### **1.27 QUALITY OF FURNITURE AND EQUIPMENT**

1. All furniture and/or equipment furnished under these specifications shall be new and of the best quality of their respective kind. They shall be free from defects that may render them unfit for use.
2. All finish shall be done at the factory. No field finishing shall be permitted except slight retouching to leave material in new workmanship like manner. All materials of every description shall show no traces of machine or mill marks. All materials for finishing shall be the best of their respective kind.
3. Damage or rejected items must be immediately removed from the site and replaced with items of the quality required by these specifications.
4. Failure to remove and/or replace any rejected items shall not relieve the Furnishings Contractor from the responsibility imposed upon him by the contract.
5. No payment, whether partial or final, shall be construed to be an acceptance of defective work.

6. The State may, at any time, by written order, stop work or delivery of specific items of furniture and/or equipment not conforming to these specifications. Such stop order shall not relieve the Furnishings Contractor of his obligation to complete the contract within the contract item limits, nor shall it in any way terminate, cancel or abrogate the contract or any part thereof.

#### **1.28 POSITIONING OF FURNITURE AND EQUIPMENT**

1. The installation shall occur prior to occupancy and the details of setting up and installing the furniture and/or equipment shall be so arranged that other activities shall progress without being unnecessarily interfered with other trades.
2. The Furnishings Contractor shall do all fitting and fastening necessary to install any fixed item in its permanent position, and position portable items of furniture and/or equipment so that the final inspection can be made by the Contracts Administrator.
3. After the furniture and/or equipment are installed, the Furnishings Contractor shall clean, inspect, and make ready for use all items of furniture and equipment so that the Contracts Administrator can perform his final inspection.

#### **1.29 PROTECTION OF PROPERTY**

1. The Furnishings Contractor shall not cut any walls, floors, etc., necessary to receive his work without the prior written approval of the Contracts Administrator.
2. After the furniture and equipment is installed, the Furnishings Contractor shall repair all walls, floors, ceilings, etc., in a thorough manner, including painting and finishing necessary to leave the area in perfect condition. Such repair work shall meet the satisfaction of the Contracts Administrator.

#### **1.30 ADJUSTMENT AND CLEANING**

1. All moving parts of furniture and equipment shall be adjusted for smooth and proper operation.
2. The Furnishings Contractor shall clean the furniture and equipment to remove all dirt, smudges, and other marks.
3. Scratches and other defects on painted or finished surfaces shall be touched up to the satisfaction of the Contracts Administrator.
4. The work areas shall be cleaned and all debris shall be removed from the site.

#### **1.31 LIQUIDATED DAMAGES**

Refer to Section 9 of the GC. Liquidated damages are fixed at the sum of ONE HUNDRED EIGHTY-NINE (\$189.00) dollars for each and every calendar day per location per violation the Furnishings Contractor fails to perform in whole or in part any of his obligations specified herein. Liquidated damages, if assessed, may be deducted from any payments due or to become due to the Furnishings Contractor.

### **1.32 MANUFACTURER'S SPECIFICATIONS AND ILLUSTRATIONS**

1. Upon request, the Furnishings Contractor shall furnish to the State at no additional charge, three (3) booklets containing complete descriptions, wiring diagrams, operating data and other information pertaining to the proper operation and upkeep of the various items of mechanical equipment having a motor(s) or other moving parts.
2. These booklets shall be bound in folders.
3. The Furnishings Contractor shall also furnish two (2) copies of the following items as applicable:
  - (1) DAGS Hawaii District Office
  - (2) The Judiciary: Court Complex.
  - a. List of furniture and equipment, and accessories supplied.
  - b. Original Manufacturer's Warranties on material supplied.
  - c. Service Manuals:
    - 1) for all equipment supplied.
    - 2) Service manuals shall be complete with, as applicable, complete parts list by numbers, operational information, specifications, circuit descriptions, alignment procedures with required test equipment, schematic diagrams showing normal operating voltages, assembly and disassembly diagrams and printed circuit board layout diagram.

### **1.33 GUARANTEE AND WARRANTY**

1. In addition to any required manufacturers warranties, all furniture and equipment, including accessories installed, if any, shall be guaranteed by the Furnishings Contractor for a minimum period of one (1) year from date of acceptance or for the period from date of acceptance as guaranteed by the manufacturer, whichever is longer, or as indicated in the specifications.
2. Guarantee shall be against warping, buckling, cracking or other defects resulting from the use of defective or inferior materials or from negligent workmanship; or against all design and manufacturing defects.
3. During the guarantee period, the Furnishings Contractor shall provide all services and materials to replace and/or repair any defective workmanship and/or material at no cost to the State, including but not limited to parts, labor, freight and all transportation costs, provided such defects are not due to abuse or negligence on the part of the State.
4. In the event a piece(s) of furniture and/or equipment needs to be sent to the manufacturer for alignment or repair during the guarantee period, the Furnishings Contractor shall pay all expenses and shall send the piece(s) by the quickest method available at no additional cost to the State.

5. If maintenance is required, all maintenance personnel assigned to this project shall be suitably trained and qualified for such work.
6. Whenever a manufacturer's warranty and/or guarantee on any product exceeds one (1) year, this manufacturer's warranty and/or guarantee shall become part of this contract in addition to the Furnishings Contractor's guarantee. The Furnishings Contractor shall complete the manufacturer's warranty and/or guarantee in the name of the State and submit such forms to the manufacturer within such time to validate the warranty and/or guarantee. The Furnishings Contractor shall submit to the Contracts Administrator a photocopy of the completed manufacturer's warranty and/or guarantee form for the DAGS-PW record as evidence that such form was executed by the manufacturer.

#### **1.34 FINAL ACCEPTANCE**

1. Following successful completion of delivery of the furniture and equipment, the Furnishings Contractor will be advised of the Final Acceptance via Project Acceptance Notice by the Contracts Administrator.
2. Delays or failures in properly replacing or repairing defective furniture shall result in extension of the Guarantee period, if deemed warranted by the State.
  - a. The Furnishings Contractor shall restore proper furniture operation within ten (10) calendar days of receipt of malfunction report originated by the Contracts Administrator.
  - b. All replacement parts and materials used by the Furnishings Contractor shall be identical to the original parts and materials installed and shall be in an unused condition.
  - c. The Contracts Administrator shall reject replacement parts and materials considered nonconforming to these specifications.
3. The Furnishings Contractor may install, on a temporary basis, used parts and materials as necessary to effect timely and proper restoration of equipment operation. However, upon receipt of new replacement part(s), the Furnishings Contractor shall replace all temporary used parts and materials at no additional cost to the State.
4. In the event a piece(s) of furniture or equipment needs to be sent to the manufacturer for alignment or repair during the warranty period, the Furnishings Contractor shall pay all expenses and shall send the pieces(s) by the quickest method available at no additional cost to the State.
5. If maintenance is required, all maintenance personnel assigned to this project shall be suitably trained and qualified for such work.

### **1.35 INVOICING AND FINAL PAYMENT REQUIREMENTS**

1. Delivery receipt(s) that are signed and dated by State personnel, along with original plus three (3) copies of invoice(s) shall be forwarded to:

State of Hawaii  
Department of Accounting and General Services  
Hawaii District Office  
75 Aupuni Street  
Hilo, Hawaii 96720

Invoice(s) should reference the applicable contract number(s) and the Project Title and Project Number for this IFB.

2. The Furnishings Contractor is required to submit a tax clearance certificate for final payment on the contract. A tax clearance certificate, not over two (2) months old, with an original green certified copy stamp, must accompany the invoice for final payment on the contract.
3. A current "certificate of Vendor Compliance" will be required for final payment.
4. Section 103-10, HRS, provides that the State shall have thirty (30) calendar days from receipt of invoice and satisfactory completion of contract to make payment.
  - a. For this reason, the State will reject any bid submitted with a condition requiring payment within a shorter period.
  - b. Further, the State will reject any bid submitted with a condition requiring interest payments greater than that allowed by Section 103-10, HRS, as amended.
  - c. The State will not recognize any requirement established by the Furnishings Contractor and communicated to the State after award of the contract, which requires payment within a shorter period, or interest payment not in conformance with statute.

### **1.36 EXTRA WORK**

1. No work of any kind done in connection with the work specified herein shall be considered as "Extra Work" or entitle the Furnishings Contractor extra compensation except when the work has been authorized by the Contracts Administrator in writing via Contract Modification.
2. The Contract Modification shall describe the extent of the "Extra Work" and list the compensation to be paid for such work.

### **1.37 PROHIBITED INTEREST**

1. No officer, employee, agent or hired contractor of the government who is authorized to design or draft specifications for the construction of furnishings for

the State of Hawai'i, or who is authorized to negotiate, approve such construction, or supply contracts or specifications for the government or accept or approve such work or equipment, shall have a personal interest in this contract or any Offeror thereof.

2. Any violation of this provision shall disqualify the Offeror or make null and void any contract.

### **1.38 PRICE ADJUSTMENT**

During the contract period, the Furnishings Contractor may request an increase in contract price amount when there is a substantial increase in the cost of materials and/or freight. Such requests must be submitted in writing to the Contracts Administrator and shall meet the following conditions:

1. The request for price increase shall be limited to the costs imposed upon the Furnishings Contractor by the manufacturer or supplier of the furniture and/or equipment. (No allowances will be given for the Furnishings Contractor's increased labor and/or operating expenses.)
2. The request for price increase due to higher transportation costs shall be limited to the cost imposed upon the Furnishings Contractor by the freight forwarder.
3. The Furnishings Contractor shall submit at the time of such written request, documentation and/or verification that the cost increase is the result of the manufacturer or supplier increase in cost of materials and/or transportation. Such documentation shall include evidence of the cost at the time of the bid opening date for this IFB and the current cost at the time of the written request.

### **1.39 VARIATION IN QUANTITY FOR DEFINITE QUANTITY CONTRACTS**

Upon the mutual agreement of the State and the Furnishings Contractor, the quantity of goods or services, or both, if a definite quantity is specified in this contract, may be increased by a maximum of ten (10) percent or reduced by a minimum of two (2) when the specified quantity is ten (10) or less at the sole discretion of the State; provided that the unit prices will remain the same except for any price adjustments otherwise applicable; and the Contracts Administrator makes a written determination that such an increase will either be more economical than awarding another contract or that it would not be practical to award another contract.

### **1.40 ADDITIONS TO THE GC**

#### **1. Protest**

- a. A protest based upon the content of the solicitation shall be submitted in writing within five (5) working days after the aggrieved person knows or should have known of the facts giving rise thereto; provided further that the protest shall not be considered unless it is submitted in writing prior to the bid opening date.

- b. The notice of award letter(s), if any, resulting from this solicitation shall be posted on Procurement Reporting System, which is available on the SPO website: <http://www.hawaii.gov/spo2/source/>.
- c. Any protest pursuant to Section 103D-701, HRS, and Section 3-126-3, HAR, shall be submitted in writing within five (5) working days after the posting of the award of the contract to the Department of Accounting and General Services, Public Works Administrator, 1151 Punchbowl Street, Room 426, P.O. Box 119, Honolulu, Hawai'i 96810-0119.

## **2. Approvals**

Any agreement arising out of this offer may be subject to the approval of the Department of the Attorney General as to form, and is subject to all further approvals, including the approval of the Governor, required by statute, regulation, rule, order, or other direction.

## **3. Cancellation of Solicitation and Rejection of Offers**

The solicitation may be cancelled or the offers may be rejected, in whole or in part, when in the best interest of the purchasing agency, as provided in §3-122-95 through §3-122-97, HAR.

## **4. Confidentiality of Materials**

- a. All materials given to or made available to the Furnishings Contractor by virtue of this contract, which is identified as proprietary or confidential information, will be safeguarded by the Furnishings Contractor and shall not be disclosed to any individual or organization without the prior written approval of the State.
- b. All information, data, or other material provided by the Offeror of the Furnishings Contractor to the State shall be subject to the Uniform Information Practices Act, Chapter 92F, HRS.
- c. The Offeror shall designate in writing to the DAGS DPW those portions of its un-priced offer or any subsequent submittal that are trade secrets or other proprietary data that the Offeror desires to remain confidential, subject to §3-122-58, HAR, in the case of an RFP, or §3-122-30, HAR in the case of an IFB.
- d. The Offeror shall state in its written communication to the Contracts Administrator, the reason(s) for designating the material as confidential, for example, trade secrets.
- e. The Offeror shall submit the material as confidential in such manner that the material is readily separable from the offer in order to facilitate inspection of the non-confidential portion of the offer.
- f. Price is not confidential and will not be withheld. In addition, in the case of an IFB, makes and models, catalogue numbers of items offered, deliveries, and terms of payment shall be publicly available at the time of opening regardless of any designation to the contrary.

- 1) If a request is made to inspect the confidential material, the inspection shall be subject to written determination by the Office of the Attorney General in accordance with Chapter 92F, HRS.
- 2) If it is determined that the material designated as confidential is subject to disclosure, the material shall be open to public inspection, unless the Offeror protests under Chapter 3-126, HAR.
- 3) If the request to inspect the confidential material is denied, the decision may be appealed to the Office of Information Practices in accordance with Chapter 92F-15.5, HRS.

## **5. Nondiscrimination**

No individual performing work under this Agreement, including any subcontractor, employee, or agency of the Furnishings Contractor, shall engage in any discrimination that is prohibited by any applicable federal, state, or county law.

## **6. Records Retention**

The Furnishings Contractor and any subcontractors shall maintain the books and records that relate to the Agreement and any cost or pricing data for three (3) years from the date of final payment under the Agreement.

## **7. Correctional Industries**

Goods and services available through Correctional Industries (CI) programs may be the same or similar to those awarded by competitive sealed bids or proposals. Agencies participating in SPO requirements (price list) contracts may also procure directly from CI and shall not be considered in violation of the terms and conditions of any DAGS-PW contract.

## **8. Preparation of Offer**

- a. An Offeror may submit only one offer in response to a solicitation. If an Offeror submits more than one offer in response to a solicitation, then such offers shall be rejected. Similarly, an Offeror submits more than one offer per line item, the all offers for that line item shall be rejected.
- b. Offers submitted in response to an IFB must be prepared in ink or typed on the form furnished by the purchasing agency or on an exact copy thereof in full accordance with the instructions given.
- c. Offers submitted in response to an IFB shall be signed in ink in the space provided on the Offer Form page by (1) the owner of a sole proprietorship, (2) one of the members of a partnership, (3) one of the members or officers of each firm representing a joint venture, (4) one of the officers of a corporation, or (5) an agent of the Offeror duly authorized to submit offers on the Offer's behalf.

## 9. Competency of Offeror

Prospective Offeror must be capable of performing the work for which offers are being called for. Either before or after the deadline for an offer, the purchasing agency may require Offeror to submit answers to questions regarding facilities, equipment, experience, personnel, financial status or any other factors relating to the ability of the Offeror to furnish satisfactorily the goods or services being solicited by the State. Any such inquiries shall be made and replied to in writing; replies shall be submitted over the signatures of the person who signs the offer. Any Offeror who refuses to answer such inquiries will be considered non-responsive.

## 10. Preference for Hawai'i Products

Subchapter 1, Chapter 3-124, HAR provides as follows:

A purchasing agency shall review all specifications in a bid or proposal for purchase from the Hawai'i Products (HP) list where these products are available; provided that the products: Meet the minimum specifications and the selling price f.o.b. jobsite; unloaded, including applicable general excise tax and use tax, does not exceed the lowest delivered price in Hawai'i f.o.b. jobsite; and unloaded, including applicable general excise tax and use tax, does not exceed the lowest delivered price of a similar non-HP by more than: three per cent where Class I HP are involved; five per cent where Class II HP are involved; or ten per cent where Class III HP are involved.

All persons submitting bids or proposals to claim HP preferences shall designate in their bids which individual product and its price is to be supplied as a HP.

Where a bid or proposal contains both Hawai'i and non-HP, then for the purpose of selecting the lowest bid or purchase price only, the price offered for a HP item shall be decreased by subtracting there from: three per cent, five per cent, or ten per cent for the Class I, Class II, or Class III HP items bid or offered respectively. The lowest total bid or proposal, taking the preference into consideration, shall be awarded the contract unless the bid or offer provides for additional award criteria. The contract amount of any contract awarded, however, shall be the amount of the bid or price offered, exclusive of the preferences.

Any person desiring a preference pursuant to this subcontractor, must have the product(s) qualified and registered on the Hawaii Products List. The responsibility for qualification shall rest solely upon the person desiring the preference. The product(s) shall be found qualified and on the Hawaii Products List before a preference may be granted. Persons desiring to qualify their product(s) shall complete according to instructions and file with the SPO Administrator, the 'Application for Hawaii Products Preference', which is available at [www.spo.hawaii.gov](http://www.spo.hawaii.gov). Select Forms for Vendor/Contractors from the "Quick Links" section of the SPO homepage, and provide all additional information required by the SPO Administrator.

**REQUEST FOR SUBSTITUTION FORM**

Date: \_\_\_\_\_

State of Hawai'i  
Department of Accounting and General Services  
P.O. Box 119  
Kalanimoku Building, Room 426  
Honolulu, Hawai'i 96810-0119

Attention: Mr. Keith S. Kogachi

Subject: Request for Substitution

Project: Kona Judiciary Complex  
Furniture and Equipment  
DAGS Job No. 11-21-7673

Dear Mr. Kogachi:

In accordance with the requirements of the Special Provisions, we hereby submit for substitution five (5) sets of technical brochures and statement of variances for your review and approval for the item(s) shown below.

<u>ITEM</u>	<u>SPECIFIED BRAND</u>	<u>SUBSTITUTE BRAND</u>	<u>MODIFICATION/VARIANT FEATURES</u>
-------------	----------------------------	-----------------------------	--

I further certify that my request of the above item(s) has no other variant features.

QUESTION OR CLARIFICATION (Be specific and list drawing/detail and specification section and/or paragraph that requires attention. Attach additional pages as necessary. FAX to (808) 586-0521 and (808) 586-0530 OR deliver to the Public Works Administrator, Room 426, Kalanimoku Building, 1151 Punchbowl Street, Honolulu, Hawaii 96813).

## SECTION 2: GENERAL SPECIFICATIONS

### 1.0 ABBREVIATIONS USED HEREIN

(-)	Approximately
ACT	Association of Contract Textiles
ADA	Americans with Disability Act
ADJ	Adjustable
AFF	After Finish Floor
ANSI	American National Standard for Office Furnishings
ASTM	American Standard of Testing of Materials CDA
BF	Pedestal configuration with Box File drawer configuration
BBF	Pedestal configuration with Box, Box, File drawer configuration
BH	Back Height
BIFMA	Business and Institutional Furniture Manufacturers' Association
CC	Court Complex
CDA	Communication Distribution Assembly
CFCI	Furniture Contractor Furnished, Furniture Contractor Installed
COM	Customer's Own Material
D	Depth
DR	Wyzenbeek Double Rubs standard of measuring abrasion resistance of fabric
FF	Pedestal configuration with File, File drawer
H	Height
HPL	High Pressure Laminate
HS	Hard Surface Casters
HT	Hydrolytic Stability of Polyurethane Vinyl Upholstery
IFB	Invitation for Bids
KBT	Adjustable Keyboard Pullout Tray
KJC	Kona Judiciary Court Complex
MAX	Maximum
MDF	Medium Density Fiberboard
MIN	Minimum
NEC	National Electrical Code
NIC	Not included in furnishings contract
OD	Overall Dimension
OH	Overhead Storage Unit
PDS	Power Distribution System
PVC	Poly Vinyl Chloride
RECT	Rectangle
SD	Seat Depth
SQ	Square
SS	Soft Surface Carpet Casters
SW	Seat Width
TFL	Thermally Fused Laminate
UL	Underwriter's Laboratory
V	Veneer Wood
W	Width
WS	Workstation
WT	Work Surface/Top

## 1.1 **INTRODUCTION**

The Judiciary on the island of Hawai'i will be moving and relocating their Kona portion of its facilities and offices into the new Kona Judiciary Complex, which is currently under construction in Kona, Hawai'i, Hawai'i. The new facilities are projected for completion in March 2019.

## 1.2 **GENERAL INFORMATION**

1. Quantities and types: The Furnishings Contractor shall refer to the Offer Form for description of all bid items and quantities required.
2. Verification of all field dimensions, conditions, quantities and types:
  - a. The built environment will vary from the furnishing drawings and specifications and construction documents. Therefore, verification is imperative.
  - b. Offerors shall be responsible for verifying:
    - 1) Actual dimensions of all rooms and areas.
    - 2) Actual location of the power, data and telecommunication locations.
    - 3) Any conditions that may manifest itself as a condition that may affect the functional performance with the workstation or areas as a result of the modification to the built environment.
    - 4) Any other conditions such as fire alarms, thermostats or light switches to ensure no conflict with furnishings.
  - c. The Offeror shall delineate on a CAD drawing plan and/or elevations/isometric drawing the following:
    - 1) The actual field dimensions.
    - 2) The actual location of the power, data and telecommunication locations.
    - 3) Any other conditions that may manifest itself as a condition that may affect the functional performance in terms of the compromise to the fit and functionality of the workstation or area as described in the specifications and drawings.
  - d. The fit should accommodate both the designed spatial dimensional allowances for the area as well as meet the functional and operational intent of the workstation or area as described in the specifications and drawings.
3. Any modifications that will be required as a result of the variation of the dimensions and conditions of the built environment should be presented to the Contracts Administrator or his designated representative.
  - a. Any variations in dimensions that may affect the functional and spatial proximities of the work areas as well as clearances and accessibility to the power and data telecommunication outlets and switches as described in the Americans with Disabilities Act Accessibility Guidelines (ADAAG) shall be presented to the Contracts Administrator and or the representative.

- b. The modifications shall be presented in the form of plan and/or elevation and the corresponding documentation describing the original configuration and/or products.
  - c. Therefore, the corresponding prices shall be consistent with the same price structure as reflected in the original Offer Form.
  - d. The modification shall outline the original configuration and/or products and prices in comparison with the new configuration and/or products and corresponding prices.
  - e. The corresponding costs for freight, delivery and installation shall be similarly incorporated in the cost for the modified product as originally specified.
5. The extent to which new purchases will be made is subject to the availability of funds.
- a. In the event that areas are deleted or changed for any of the line items listed on the Offer Form, either prior to or after contract award, the State shall reserve the right to delete the applicable line item(s).
  - b. Should this occur, the Offeror will not be paid for the deleted line item(s).
6. Allowance:
- a. The State may elect to purchase additional components and services after awarding to the successful Offeror to account for extra furnishings, workstations or missing components (e.g. workstations, flipper door shelves, chairs, lateral files, pedestals, etc.).
  - b. In these cases, the corresponding costs as submitted shall be available to the State (including the Judiciary) at the same price structure as indicated in the Offer Form until December 31, 2019.

### **1.3 ISSUING OFFICE**

This IFB is issued by the Department of Accounting and General Services, Public Works Division. The Issuing Office is the sole point of contact from the date of release of this IFB until the selection of the successful Offeror. The address of the Department/Issuing Office is as follows:

Department of Accounting and General Services  
Public Works Division  
Kalanimoku Building  
1151 Punchbowl Street, Room 426  
P.O. Box 119  
Honolulu, Hawaii 96810-0119

#### **1.4 CONTRACT ADMINISTRATION**

The Contracts Administrator or his designated representative, hereinafter referred to as the Contracts Administrator, shall administer the terms and conditions of this contract. The Contracts Administrator is as follows:

Department of Accounting and General Services  
Hawaii District Office  
75 Aupani Street  
Hilo, HI 96720

#### **1.5 FURNISHINGS CONTRACTOR**

The selected Offeror(s) shall be referred to as the Furnishings Contractor(s). The Furnishings Contractor(s) shall perform all work in a professional manner and shall coordinate all work with the Contracts Administrator or his designated representative.

#### **1.6 TIME LINE**

All dates are tentative and reflective of the current projected construction completion timeline. As the construction of the new building progresses, an updated schedule shall be provided by the Contracts Administrator to the Furnishings Contractor. Based on the updated schedule, the Furnishings Contractor shall then proceed to define his timeline in the form of a schedule describing by weeks and/or days, the time required for the delivery and installation of the new furnishings.

The Furnishings Contractor shall update the schedule weekly or as new information is available and shall present it to the Contracts Administrator for timely staging of installation. At this time, the earliest start date for the installation shall be as noted in the SPECIAL PROVISIONS, Paragraph 1.17, Item 13.

#### **1.7 WORK SCHEDULE**

1. The Furnishings Contractor's work schedule includes weekdays as well as weekends and holidays, as necessary, in order to complete the work on time.
2. The Furnishings Contractor's work hours are from 7:00 a.m. to 3:30 p.m. (or until finished) each scheduled workday.
3. Coordination for continuation of work beyond the above outlined hours shall be scheduled with the Contracts Administrator or his designated representative.

#### **1.8 WORK AREA**

1. The Furnishings Contractor(s) will be responsible for coordinating the necessary requirements to allow for the activity of loading and unloading in the various work areas. The Furnishings Contractor(s) shall keep all areas neat and dry.
2. The Furnishings Contractor(s) is responsible for coordinating building, elevator, and loading dock access and any insurance requirements with the Contracts Administrator at the installation location.

### 3. Protection of Work Areas:

- a. The Furnishings Contractor(s) shall provide protective covering wherever necessary to avoid scratching and otherwise damaging floor, wall and ceiling surfaces, wall corners, doors, door frames, etc.
- b. Unless otherwise required by the Contracts Administrator, protective covering shall consist of the following:
  - 1) 1/4" Masonite, secured with tape or equivalent as approved by the Contracts Administrator.
  - 2) Protective covering for wall corners, doors, door frames, elevator doors and elevator door frames shall consist of heavy duty cardboard, secured by tape or equivalent as approved by the Contracts Administrator.
  - 3) The protective covering shall remain in place until the Furnishings Contractor(s) has completed the work.
  - 4) The Furnishings Contractor(s) shall be responsible for removing protective covering and any residual tape adhesive which it placed.
  - 5) Masking tape, which can be difficult to remove, should not be used.

### **1.9 SUBCONTRACTORS**

1. The Furnishings Contractor(s) may use installers and other subcontractors, who are not in their employ or to supplement their in-house staff. If so, the Furnishings Contractor(s) shall include information on these subcontractors in the space provided on the Offer Form.
2. The Offeror shall include in the bid the cost of coordinating with the general building construction contractor's electrician (A-1 A-Lectrician, Inc.; phone: (808) 831-2771; contact persons: Chad Morikawa) to perform all services necessary to install pigtailed and provide the Power and Voice and Data cabling connections to the system furnishings.

### **1.10 SAFETY PRECAUTIONS**

It is the Furnishings Contractor's responsibility to provide safety signs, barricades and other safety devices during the performance of services. The devices shall be set up in a manner to restrict access to the area or to caution others of hazardous conditions.

### **1.11 PRE-INSTALLATION WALK THROUGH**

The Furnishings Contractor and the Contracts Administrator shall conduct a pre-installation walk through of the building. A list of pre-existing damage to the building interior finishes shall be prepared, agreed to, and validated by both the Furnishings Contractor and the Contracts Administrator. The list will be used to validate any repair issues that might arise post installation.

END OF SECTION

## **SECTION 3: FURNITURE AND EQUIPMENT GENERAL REQUIREMENTS**

### **1.0 INTENT**

The Furnishings Contractor and its products and services shall meet the following requirements and specifications. Refer to Sections 3A and 4 of this bid document for Group Requirements.

### **1.1 GENERAL REQUIREMENTS**

1. The requirements for freestanding and systems furniture workstations and areas are delineated in the furnishing specifications and drawings and shall be inclusive of comprehensive power and data telecommunication provisions.
2. The freestanding and system manufacturer shall provide a Comprehensive Warranty for the freestanding and systems furniture.
  - a. The warranty shall run from the date of manufacture and covers defects in materials and craftsmanship found during normal usage of the products.
  - b. If a product is defective and if written notice of the defect is given to the manufacturer within the applicable warranty period, then the Furnishings Contractor and the freestanding and systems manufacturer shall be responsible to either repair or replace the defective product with a comparable component or product.
  - c. Exceptions include and may vary by manufacturer include the following:
    - 1) Ten years:
      - a) Furniture construction and finish of product used for a single eight (8) hour shift per day, five (5) days per week;
      - b) Seating foam cushions, structural components, non-moving parts, adjustable arms, pneumatic cylinders, casters.
    - 2) Five years:
      - a) User-adjustable work surface mechanisms;
      - b) Thermo-fused laminates;
      - c) Table electrical and mechanical components.
    - 3) Three years:
      - a) Plastic ultraviolet light color fastness;
      - b) Table casters.
    - 4) One year:
      - a) Non-standard special products;
      - b) Adjustable height work surface mechanism;
      - c) Consumable products of such nature as lamps, light ballasts, surge suppression products.

- 5) Any product that has been damaged by transportation or other movement of the product or that has been altered without the manufacturer's authorization.
3. It is understood that the services of the general building construction contractor's electrician will be required for the connection of the buildings' electrical power wiring to the modular furniture system.
4. The Furnishings Contractor must coordinate all Voice and Data cabling connections, devices, and testing with the State's Voice Data contractor(s) prior to submitting any shop drawings or purchasing any equipment.

### **1.1 SUBMISSION OF BIDS**

By submitting an offer, the Offeror certifies that:

1. The Furnishings Contractor shall provide all tools necessary to install the system.
2. The electrical work shall be in accordance with the National Electrical Code and local amendments.
  - a. All wiring and electrical equipment shall be UL labeled.
  - b. The electrical system shall be complete and operational.

### **1.2 SCOPE OF WORK**

The Furnishings Contractor shall furnish all component parts, transportation, storage, labor (including installer and coordination with Contracts Administrator for all electrical labor), supervision, equipment and supplies necessary to provide new system workstations or enclosure parts, seating, tables, furnishings that require ganging and or assembly, furnishing items that need to be bolted/attached to walls and floors and their installation as outlined for the Kona Judiciary Complex.

1. Furnishings Contractor shall review the furniture plans and Modular System Layouts for the various divisions and offices of the Judiciary.

### **1.3 ENVIRONMENTAL CONDITIONS**

1. Temperature and humidity within the building shall be maintained as close as possible to final occupancy standards.
2. A minimum temperature of 70 degrees Fahrenheit shall be maintained continuously, round-the-clock, from a time at least 24 hours prior to start of panel wall assembly until final occupancy.

#### **1.4 INSTALLATION PROCEDURES**

1. Furnishings Contractor shall follow the guidelines of installation technique as described in the manufacturer's specifications.
2. Furnishings Contractor shall be expected to adhere to the guidelines and maintain the level of craftsmanship and quality intended as an acceptable installation of its products when combined in application as a total system.
3. Furnishings Contractor shall work with the State in developing an installation plan that may be installed incrementally or on a single date based on the State's needs.
4. Any items that are shipped unassembled are the sole responsibility of the Furniture Contractor to assemble.

#### **1.5 UPHOLSTERY MATERIAL**

1. Upholstery and Panel Fabrics will be manufacturer's Graded-In selections as specified or similar to the proposed design intent.
2. Upholstery characteristics to be allowed for: 54" wide, maximum pattern repeat of 5"x5",
  - a. Woven fabric will have a Crypton or Nanotex or Incase finish with Acrylic backing.
  - b. Vinyl upholstery will be treated to resist staining & ball point pen ink marks and meet or exceed Hydrolysis or Jungle Test at 15 weeks.
  - c. Leather will be Grade 6 or better. Leather will be Grade 6 or better.
  - d. Minimum abrasion requirements will meet or exceed: Wyzenbeek Test @ 100,000 double rubs.
  - e. Acceptable upholstery manufacturers include Maharam, Design Tex, Arc Com, Architex, CF Stinson or Knoll Textiles.

#### **1.6 WOOD FURNITURE STANDARDS**

1. All wood or woodbase products shall meet the following criteria:
  - a. Core Selection for wood veneer furniture
    - 1) Particleboard and/or fiberboard
      - a) Shall be Industrial Grade Medium Density, complying with ANSI A208.1 (particleboard) or ANSI A208.2 (fiberboard)
      - b) Shall be a minimum of 3/4" thick
  - b. Veneer
    - 1) Shall be firmly attached to core with no evidence of bubbling, blistering, or delamination on the finished product.

- 1) Construct with Grade A
  - a) The veneer shall be smooth, tight cut, and full length
  - b) May contain small burls and occasional pin knots not to exceed 6mm in total diameter
- b. Adhesive - must withstand bond test described in ANSI/NWWDA 1 S-1 Series
- c. Testing - meet or exceed testing requirements of ANSI/BIFMA XS.5-1998.

## **1.7 LOCKING**

1. Keying plan for locks will be coordinated with the Judiciary's designated representative(s). Keying plan must be approved by the Judiciary's designated representative(s) before order is placed. Master Keys will be required in addition to the standard keys.

END OF SECTION

## 1.1 SECTION 3A: GROUP REQUIREMENTS - GROUPS 1 THRU 6

### 1.0 GROUP 1 – SYSTEMS FURNITURE, SYSTEM STORAGE, ACCESSORIES

#### MODULAR WORKSTATIONS

Pre-approved product: Kimball Office Narrate; Teknion Leverage; Steelcase Answer

1. General Requirements for Total Systems
  - a. Overall dimensions of workstation types will be maintained within the given sizes. To meet standard manufacturing panel sizes, the footprint can be smaller within 2-1/2” but not larger.
    - 1) See attached floor plan for critical dimensions. All aisle clearances will be a minimum of 46” wide.
    - 2) Minimal creep shall be maintained and shall not exceed critical dimensions shown on the floor plans.
    - 3) All workstation layouts shall be achieved with appropriate corridor spacing as shown on the floor plans.
  - b. Each panel and component shall comply with applicable ANSI/BIFMA standards, Class A or Class I fire rating (ASTM-E84 testing).
  - c. Acoustic Fire rated tiles have a fiberglass core with an NRC of 0.70 in accordance with ASTM C423-09 and ASTM E795-05. STC is 13 in accordance with ASTM E90-09 and ASTM E413-10. The tests are conducted on the entire assembled panel, full face area, which includes the complete core, adhesive, decorative fabric, frame, raceway, and joining components.
    - 1) 05. STC is 13 in accordance with ASTM E90-09 and ASTM E413-10. The tests are conducted on the entire assembled panel, full face area, which includes the complete core, adhesive, decorative fabric, frame, raceway, and joining components.
  - d. Welded Frames must be the central support of the system. The support must provide structural rigidity to the system.
    - 1) Frames must have options to include but not limited to: Base-wireway frames, Open-base frames, To-the-floor frames and Single sided to-the-floor frames.
    - 2) Frames must be welded steel and at a minimum be verticals

construction 16-gauge, horizontals 14-gauge.

- 3) Overall frames are 3 +” thick, and divided into equal segments of approximately 12 ½” for maximum standardization of tile applications,
  - 4) Overall panel heights including flat top cap, frame and glides are: 2H (29 3/4”), 3H (42 3/8”), 3.5H (49 9/32”), 4H (54 29/32”), and 5H (67 17/32”); with 5H base frame and stacking frames—6H (80 3/16”) and 7H (92 ¾”).
  - 5) Mid-frame supports span across the frame opening and are standard at the 2-high position to provide support for worksurfaces.
  - 6) Frames are available in widths of 18”, 24”, 30” 36”, 42”, and 48”.
  - 7) Frames should have metal to metal connections.
  - 8) Frames must have the ability to be connected off-module.
  - 9) System must leveling glides to allow adjustability to uneven floors.
  - 10) Glides must adjust height is 2.5”.
  - 11) System can be installed without harming a finished floor.
  - 12) Dedicated connectors must include 12 gauge connection plates, 20 gauge inner blinders and/or 20 gauge painted steel vertical trim.
  - 13) System must have the following connection options with T, L, X, V, Y, Straight, stacking and high/low.
- e. Stacking frames must be able to be added to 2-high, 3-high, 4-high, or 5-high base frames to increase the height of the panel.
- 1) Stacking Frames must be available as 1H (12 5/8”) or 2H (25¼”) segments. They cannot be used on 3.5H frame.
  - 2) One or two, 1-high or 2-high stacking frames should be an option to be added on top of a base frame (except 3.5-high) up to a max. of 93 1/4” (7 High).
  - 3) Stacking frames must be loadbearing on first or lower stacker if using two together, when same-height return runs are used at each end up to 5 high.
- f. Tiles options for Standard, Fire Rated, to-the-floor, wood, laminate, and painted tiles are available in a variety of widths and heights must be a

part of the standard offering.

- 1) Tile heights should be able to be mixed on a panel run to create a segmented, vertical monolithic, or horizontal monolithic look.
- 2) Tiles must be able to be installed side-by-side with no panel reveals to create a virtually seamless appearance.
- 3) The system should provide support for the systems tiles, holding tiles in place at the top and bottom. The tile type (support or trim) must match the type of segmentation at the top of the tile.
- 4) The system support should extend beyond the face of the tile by 1/16".
- 5) The system tiles should be available in widths ranging from 6" to 96" and in heights from 16" – 96".
- 6) The system tiles should be available in equal segments.
- 7) All fabrics are factory applied in railroad (horizontal) fashion to all fabric tiles as standard application.
- 8) Fabric, Wood, Laminate and Painted Tiles Standard are constructed of pinnable low density fiberboard covered in fabric. Fabric is railroaded when applied.
- 9) Fire Rated tiles must be tackable and are constructed of fiberglass covered in fabric. They can be field scribed if necessary. Fabric is railroaded when applied.
- 10) Wood, laminate and painted tiles must be constructed of a 7/16" wood composite core and covered with premium-grade wood veneer or laminate, or painted.
- 11) Woodgrain direction must runs vertical on wood and woodgrain laminate tiles.
- 12) Wood tiles are natural (not man-made) veneer. Species available are Maple, Walnut and Cherry in all standard environmentally friendly wood finishes. Provide documentation.
- 13) Laminate tiles are available in all standard solid laminates.
- 14) Paint tiles are available in all standard non-metallic paints.

- 15) Power and Data must have the capability to be routed vertically in the panel's interior behind fabric, wood, laminate and painted tiles
- g. Glass Tiles with Frame must have the options of having an extruded aluminum frame (painted or covered with premium grade veneer) with 3mm- thick (clear or frosted) tempered glass. Glass tiles are available in tempered or Laminated clear both sides.
- 1) Glass tiles with Frame must consist of two tile frames (one for each side of the frame) with a single pane of tempered glass between them. Only one glass tile is needed to complete both sides of the frame.
  - 2) Frames on glass tiles are 2 ½"W.
  - 3) Back Painted glass must be an option
  - 4) Back Painted Glass for a TV frame must be an option to allow viewing of monitor installed behind the glass
- h. Metal Tiles must be available in plain, perforated and embossed models in all standard and metallic paints and constructed of 18 gauge steel.
- 1) Pattern of perforated or embossed tiles must be consistently spaced on centerlines.
- i. Frames and Fire Rated Tiles Flammability Components must meet requirements for flame spread and smoke development as specified by NFPA 101.
- j.
- 1) Panel flame spread does should not exceed 75 for Class B and panel smoke development does not exceed 450 for Class A, B and C.
  - 2) Flammability Testing must be conducted in accordance with ASTM E84, UL 723, and NFPA 255 on the entire assembled panel and each different combination of fabric and interior construction. Fabric also meets requirements of NFPA 265.
  - 3) All tiles must meet UL Class A (fiberglass tile) fire rating for Fire Rated acoustical tiles; UL Class B for laminate tiles; UL Class C for standard fabric, wood and painted tiles
- k. Electrical The system electrical system must be UL 1286 listed.
- 1) Three electrical options must be available:
  - 2) 8-wire shared neutral consisting of 4 hot wires, two 10-gauge neutral wires and two ground wires

- 3) 10- wire shared neutral consisting of six hot wires, two 10-gauge neutral wires and two ground.
- 4) 10-wire independent neutral consisting of 4 hot wires, four 12-gauge neutral wires, one ground and one isolated ground.
- 5) The shared neutral and the independent neutral options cannot be combined.
- 6) Duplex outlets must be able to be used in a back to back configuration or single sided frames.
- 7) Power and data must be able to enter the system from the wall or floor at the base.
- 8) Power components can be color-coded and keyed for safety.
- 9) Frames must allow for electrical distribution assembly installation into bottom channel, with expandable options to accommodate panel to panel or through connectors to connect distribution assemblies.
- 10) Wireway covers must correspond to the frame width and attach along the bottom or at mid-height to conceal electrical distribution.
- 11) Wireway covers must be available in 3 options:
  - With no power or data access.
  - With power access providing two receptacle locations.
  - With power and data access providing two receptacle locations and one data port location.
- 12) Wireway covers with power access must include self-storing cover for use to fill openings when receptacles are not utilized.
- 13) Multiple Base power feeds lengths must be available.
- 14) Beltline configurations must allow for both duplex receptacle and data port access.
- 15) Electrical system must utilize 20-amp circuits and 15 amp receptacles to prevent circuit overload in accordance with commercial grade NEMA 5-15R. This conforms to NEMA WD 1 and NEMA WD 6.
- 16) All 8-wire and 10-wire electrical systems are rated for 20 AMP service. To support the usage, 15 AMP convenience receptacles can be placed anywhere along the leg of the electrical connection. However In the event that an appliance, such as larger printer/copier/plotter that required a 20 AMP receptacle, the option to use a dedicated circuit with a 20 AMP receptacle must be available. Using the 15 AMP convenience receptacles must insure that no one leg of the system

can pull too much current, which could potentially cause the system to trip out and lose power across the entire system.

17) Task lights are UL approved and meet requirements of NFPA 70.

I. Cabling Wireways and interfaces to the wireways must accommodate the bend radius for Category 6 communication wiring.

- 1) Lay in cable routing must be available at the top and base of the panel providing power, data and/or communication wiring capabilities. The minimum fill ratio is 40%. .25" diameter cables at 40% fill can be accommodated when utilizing the entire panel frame and base.
- 2) Internal cable should be able to be routed to beltline or base cavity by routing between tiles. Up to 30 .25" diameter cables may be routed in this cavity.
- 3) The open frame design must facilitate managing cabling throughout the system behind the tiles.

m. Trim Panel top caps and vertical end trims should have a flat profile.

- 1) Flat profile panel top caps must be available in options of painted aluminum, or wood veneer wrapped aluminum, and are available in up to 8' lengths.
- 2) Top caps must fit securely onto frames using a pressure fit attachment method.
- 3) End trims must be screwed to frames for a secure fit.
- 4) Vertical end trim must be 12 gauge steel for paint finishes and solid hard maple for wood finishes.
- 5) Wireway covers must be 18-gauge steel and available in all standard paint options.

n. Furnishings Contractor shall provide all necessary system furniture power wiring equipment to provide a complete and operational power system.

- 1) The electrical work shall be coordinated between the Furnishings Contractor and the State's contractor(s) responsible for installing the data, telecommunications and security outlets and wiring with the systems furniture. Any electrical outlets, data outlets & panel end runs must be verified and approved before order is placed. The Furnishings Contractor must site verify conditions for electrical and data outlets so it does not have conflict with ADAAG accessibility requirements. The Furnishings Contractor will be responsible for coordinating any corrections or alterations to the furnishings at no

additional cost to the State (including the Judiciary).

- 2) Furnishings Contractor shall be required to provide instruction and guidance to the Contracts Administrator and the State's contractor(s) responsible for installing the electrical wiring for the Judiciary to ensure that the systems furniture power and data telecommunications system are installed correctly.
- 3) Furnishings Contractor shall be responsible for coordinating the final connection to the building electrical system with the general building construction contractor's electrician.
- 4) This responsibility includes coordinating the energizing and testing of the circuits from the power source to the junction boxes in the ceilings, walls, and floors.

o. All storage and casegoods shall be aesthetically compatible with the systems furniture.

p. Finishes and Materials:

- 1) In accordance with the material finish selections as offered, the following shall be the guidelines for color, quality of material, and design intent of the finishes desired for this project. Finishes similar to the following proposed materials will be submitted for approval prior to ordering.

a) Finish Selections:

i) PANEL FABRIC

Manufacturer: Kimball Office

Pattern: Mykel

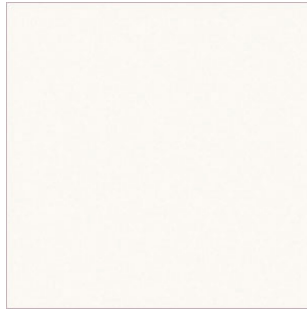

Color: Sterling 10268

Width: 66"

b) PANEL(below beltline) Inside Metal Tiles:

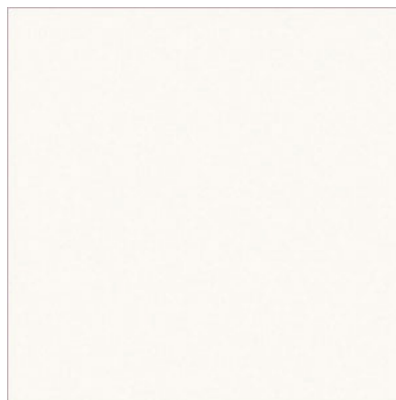

Manufacturer: Kimball  
Color: Frosty White 488

- c) Work Surfaces High Pressure Laminate:  
Manufacturer: Wilsonart  
Color: Crisp Linen 4942-38

- d) Freestanding Desking System, Private Offices  
Manufacturer: Kimball  
Color: Frosty White

- e) End panels, panel frames metaltrim: Manufacturer: Kimball  
Color: Frosty White
- f) Lateral Files, Pedestals, Bookcases MetalPaint: Manufacturer: Kimball

Color: Frosty White

- q. Furnishings Contractor shall be required to submit the finish samples as described or equal for review and selection.
  - r. Furnishings Contractor shall provide a completely finished and professional installation of the Systems Furniture.
  - s. Due to structural supports, certain workstations are variations on the typical layout in order to accommodate for structural interferences. The Furniture Contractor is responsible for identifying and installing anomalies as shown on drawing and per field verification.
  - t. Furnishings Contractor shall coordinate the electrical work with the Contracts Administrator and with the State's contractor(s) who will be responsible for installing the data and telecommunications and security outlets and wiring with the systems furniture.
  - u. Furnishings Contractor shall be required to provide instruction and guidance to the Contracts Administrator and the State's contractor(s) responsible for installing the electrical wiring for the Judiciary to ensure that their systems furniture power and data/telecommunications system are installed correctly. Please see General Specifications 1.9.2 for vendor information.
  - v. The Furnishings Contractor shall be responsible for providing the electrical power system from the floor and/or wall junction boxes provided by the building up to and including the power outlets at each workstation or area
    - 1) Furnishings Contractor shall be responsible for the final connection to the building electrical system.
    - 2) This responsibility shall include the energizing and testing on the circuits from the power source to the junction boxes in the walls or floors.
    - 3) The Furnishings Contractor shall use the electrical contractor to assist and verify in all connection of the systems to the building's power supply.
2. Upper Storage Bins
- a. Dimensions:
    - 1) Available in widths as shown on plan.
    - 2) The minimum depth of 13.75"-16" and a height of 15 5/8".
    - 3) Accommodates domestic and international A4 binders.
  - b. Components:
    - 1) Include the top, door front, end panels and shelf.
    - 2) Shelf pan shall be roll formed painted steel so the front edge

- conceals the task light and shall have a back stop to protect the panel fabric.
- 3) Painted steel shelf dividers are available for shelves and overheads.
- c. The USB shall install on an equivalent width of one or more panels.
  - d. Upper storage bins shall be wall mounted as required if no vertical support is provided.
  - e. Locks shall be:
    - 1) Standard.
    - 2) Keyed alike in a workstation.
    - 3) Incorporates a passive anti-dislodgment lock that automatically engages when installed.
    - 4) Master Key shall be provided
3. Shelves
- a. Dimensions:
    - 1) Available in various widths but the 24", 30", 36" and 42" widths are preferred.
    - 2) The minimum depth shall be 13.25".
    - 3) Shelf ends shall have a height of 7.5".
    - 4) Provided with a minimum of 2 dividers per shelf.
  - b. Components:
    - 1) The shelf pan shall be roll-formed 18 gauge painted steel, and include an integral backstop.
    - 2) The shelf end panels shall be constructed with minimum of 16 gauge painted steel.
    - 3) The shelf shall have a formed front edge to conceal task light and shall accommodate under mounting of task lights.
    - 4) Tile Rail shall support shallow shelves Maximum 12"- 24"W x 6"D and install on rail slots as specified in the transaction window workstations.
    - 5) Shelf shall be installed on equivalent width of one or more panels.
    - 6) The shelf finish shall be an epoxy powder paint or powder coated paint that coordinates with the vinyl edge and storage components.
    - 7) Load capacities for shelves with or without flipper door units are 150 pounds.

### **FREESTANDING SYSTEMS**

Pre-approved product: Kimball Office Narrate; Teknion Leverage; Steelcase Elective

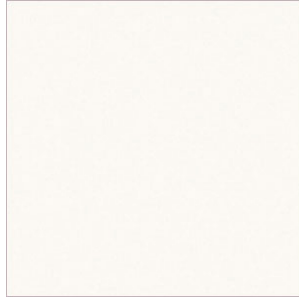

## Elements

### 1. General Requirements

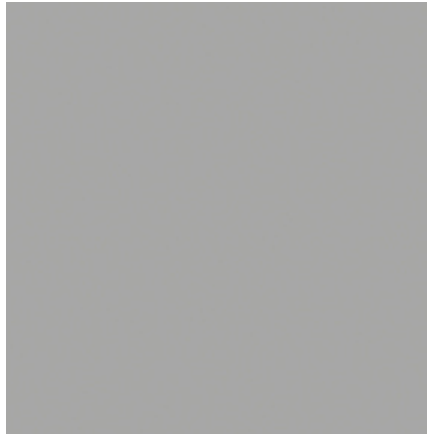

#### a. Freestanding Casegoods shall:

- 1) Coordinate with the systems finishes, laminates, metal, painted and wood veneer finishes and edge details.

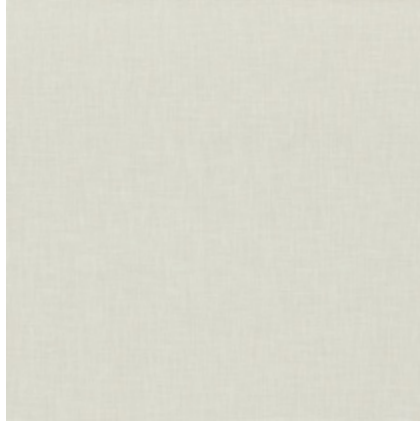

##### a) Paint Color finish: Frosty White or Warm White

##### b) Paint Color finish: Storm

##### c) Laminate Worksurface Top: Wilsonart Crisp Linen 4942-38

- d) PVC matching Edge
  - e) Laminate Modesty Panels
  - f) Laminate Support Panels
- 2) Be provided with adjustable glides with leveling adjustment.
  - 3) Shall provide grommet hole and cover (1) in the bullet shape extended curve top and (1) in each of the return and credenza tops. The underside of the work surface will be used to route power cords and communication cables to casegood top. No unfinished edges should be visible.
  - 4) Full and half end panel supports shall be constructed of a min. of 1/2" thick wood composite core with Laminate surfaces.
  - 5) Horizontal surfaces shall be capable of carrying a weight load factor of 160 pounds and shall be entirely unaffected by this load.
  - 6) Adequate support brackets shall be accounted for as well as appropriate material composition for such surfaces to prevent bowing of work surface.
  - 7) Wire management loops shall be installed as required to manage and store wires or cables below desk tops, returns and bridges. A field installable cable trough or grommets shall be provided to route power and cable through the work surface top as necessary.
- b. Work Surfaces
- 1) Where plastic laminate is specified, all work surfaces shall be a minimum of 1-3/16" thick and with high-pressure laminate top with matching PVC edge. Bottom surface shall be covered with backer board. Ensure no rough edges to catch nylon stockings or knit fabrics. All other edges shall be 1 mm between work surfaces to allow for a clean tight fit.
    - a) All vertical edge trims shall be completely smooth and without

any ripple appearance.

- b) The edge joinery locations of the work surfaces shall be flush with any side panels.
- 2) A cable management trough finished in a warm neutral grey or white color, running the length of the work surface for access to power and wire management loops shall be provided to manage and store wires.
- 3) Adequate support brackets shall be provided throughout as well as appropriate material composition for such surfaces to prevent bowing of work surface.
  - a) Cantilever brackets shall be constructed of a minimum of 12-gauge painted steel.
  - b) Flush mount plates shall be constructed of a minimum of 11-gauge steel

## **SYSTEM STORAGE: PEDESTALS, LATERAL FILES, BOOKCASES**

### 1. General Requirements

#### a. Metal Lateral Files

- 1) Will all have counterweights
- 2) ability to have a posting shelf with ball bearing slides
- 3) Built-in anti-rebound catch.
- 4) Drawers will have full extension ball bearing drawer suspension.
- 8) Include side to side file bars for each drawer.
- 5) Four leveling glides with  $\frac{3}{4}$ " adjustability and adjustable from the front interior.
- 6) 5-drawer high will have a top flipper door retractable to the inside of the cabinet and the top will have a fixed shelf to hold binder heights up to 12"H.
- 7) Widths will be 30", 36" and 42"w.
- 9) Depths of both 18" and 20"
- 10) Heights of 27.2 to 28"H, 36.8" to 40"H, 65  $\frac{1}{2}$ "-65  $\frac{9}{32}$ ".

#### b. Metal Pedestals shall be constructed with:

- 1) A powder coated painted steel case with full extension telescoping drawer suspensions and steel ball bearings, finished on all sides.
  - 2) Double wall drawer front construction
  - 3) 6" pedestal box drawer shall include:
    - 4) one (1) side to side drawer divider and one (1) black plastic pencil tray which suspends from the sides of the 6" drawer and slides for drawer access
  - 5) drawer depths that are at a minimum 90% of the depth of the case
  - 6) 12" pedestal file drawer shall include:
    - 7) Hardware to accommodate letter (8-1/2" x 11") and legal (8-1/2" x 14") paper sizes. Additional bars for legal filing side to side is included.
    - 8) Leveling glides are to be accessible from the inside of the file or from underneath. Pedestals will be finished on the back and top and are keyed per workstation or private office unless otherwise noted in the specifications
    - 9) The top door front shall include a centered lock and key. Locks are standard and should be keyed alike per workstation. In addition to the standard keys, one (1) set of Master Keys should be included.
  - 10) Mobile pedestals will include casters, a counterweight kit and a pull handle.
- c. Metal Bookcase Shelving
- 1) The bookcases should be designed to store standard three-ring binders on all shelves. Shelves are adjustable on 1" to 2" increments to accommodate other media storage needs.
    - c) Standard Depth: 15" – 18" +/-1" deep
    - d) Standard Height: 30"h, 41"h, 65.5 – 72"h; +/-2"
    - e) Standard Width: 30", 36" wide
  - 2) Construction:
    - a) Shell liner is punched to accept shelf brackets on 1" increments, starting approximately 8" from the bottom of the cabinet and terminating approximately 8" from the top of the cabinet. The liners, top & bottom reinforcements are welded into a rigid box frame. The shell is constructed from 18 & 20 gauge steel with multiple strategically located offsets to maximize strength. The back is seamless. All corners are reinforced. Adjustable glide is 7/8" in

recessed position.

- b) Shelves are constructed using 22 gauge steel formed 1/8" thick on the leading and trailing edges to enhance strength.
  - c) Adjustable Glides: Four glides can be adjusted from inside the bookcase using a 1/4 hex socket wrench or from outside the bookcase using a 7/8" wrench. Standard glides provide 3/4" adjustment.
  - d) Standard Paint: Chemically etched with iron phosphate on the metal prior to painting to enhance top coat bonding. The top coat is a high solids modified polyester enamel. The enamel is baked on to provide a scratch and stain resistant surface. All inside and outside shell and drawer front surfaces are painted with the same paint color. Color to match other painted metal furnishings in the room.
  - e) Accessories: Book End Support: 1 Bookend or shelf divider shelf.
- a. Keyboard/Mouse Trays
- 1) Shall surpass ANSI/BIFMA standards
  - 2) Shall be provided in black powder coat finish
  - 3) Shall have a minimum of the following features:
    - a) Keyboard support - Platform style: 20"W x 11" D  
Rectangle with Pivoting mouse platform: 8" diameter minimum.
    - b) Suspension - Friction-type nylon glide suspension
    - c) Platform rotation - 360 degrees
    - d) Platform tilt - +15/-15 degrees
    - e) Platform tilt adjustment - Press left paddle to adjust tilt
    - f) Platform height adjustment range - 6.25"
    - g) Platform height adjustment - Press right paddle to adjust height
    - h) Palm rest - Foam synthetic leather covered palm rest
    - i) Mouse pad - Circular, swivel/tilt, rest, integral mouse cord capture bracket

### **WHITE BOARDS**

- a. Wall mounted writing surface of porcelain enamel fused to 28 gauge steel.
- b. Writing surface accepts all magnetic accessories and has dry erase marker board surface that is also projectable.
- c. Hung cleat with bracket included.
- d. Aluminum frame with linear (square) profile. No sharp or raw

edges.  
With marker tray attached.

- e. Dimensions 60"w x 48"h

### **BULLETIN BOARDS**

- a. Wall mounted tackable surface. Cork material as specified in technical specifications.
- b. Hung with cleat/bracket included.
- c. Aluminum frame with linear (square) profile. No sharp or raw edges.
- d. Dimensions 36"w x 48"h, 48"w x 48"h

### **1.1 GROUP 2 - WOOD FURNITURE**

1. This specification establishes the minimum requirements for the acquisition and installation of the complete and usable suite of furniture composed of wood panels, supporting components, electrical hardware, communication and data cable routing, locking features, special electrical features and accessories.
2. Requirements and configurations shall be in accordance with the furniture layout and typical types shown in drawings and specified herein. If dimension variations are not mentioned after the called out dimension within this specification, nominal dimensions are acceptable. Components and hardware shall be provided by a single manufacturer. Vendor shall submit a single product solution for the workstation. All product must be branded from the same manufacturer
3. All exterior wood veneered surfaces shall be grade A architectural veneers of genuine walnut, maple, mahogany, beech or cherry. The veneer shall be a minimum one-thirty-second inch (1/32") thick before sanding and carefully book matched or reverse slip matched for color and grain. The veneer shall be in full length pieces, applied in balanced construction. All wood shall be thoroughly air and kiln dried to a moisture content not to exceed seven percent (7%) at time of assembly. All exposed wood and veneer shall be bright, well sanded and free from brashness, discoloration, worm holes, pits and shakes. All wood shall be free of defects affecting appearance, durability and serviceability.
4. Laminate tops shall be a standard option with high pressure plastic laminate meeting NEMA LD3 specifications. The laminate shall be of a uniform quality, free from blisters, wrinkles, cracks, scratches, dent marks, heat marks or other defects. The laminate shall be .040" thick. The pattern, color and finish shall closely match the veneer pattern of the desk pedestals and panels. The top surface shall have a non-glare or "matte" finish.
5. Edge detail must be solid wood.

6. General Features: Species Walnut to match Architects sample/color.
  - a. All pieces in suite from one complete line
  - b. FSC certified wood available
  - c. Greenguard, SCS, or BIFMA FES certified
  - d. Veneer case and top with solid wood edge
  - e. Solid wood construction
  - f. Contractor shall provide casegoods products that meet or exceed the requirements of ANSI / BIFMA X5.5.
  - g. All products shall carry a minimum 10 year warranty.
  
7. Where wood casegoods work surface are specified, all work surfaces shall be 1- 1/8" to 1-1/2" thick. Flat edge detail profile of solid hardwood Unit to be finished on all sides, back and top. Minimally acceptable cores shall be composed of lumber core plywood, minimum (3) ply-particleboard or MDF as defined in ANSI A208.1. They shall be of sufficient strength, and designed to prevent top from warping while in normal use.
  
8. Finishes Desk tops shall have a minimum 95%, full fill finish.
  - a. Finishes shall be a pre-catalyzed varnish, uv coating or comparable for maximum stain resistance and durability.
  - b. All wood casegoods, storage, conference room furniture and wood seating shall be available in a variety of finishes including Walnut, Mahogany, Beech, Cherry and Maple.
  - c. Finishes shall be available in low luster and optional high luster sheens.
  - d. Laminate finishes for work surfaces shall be offered in finishes to match solid wood, and wood veneer components.
  - e. Veneer grains on "U" desk configurations (e.g., desk, bridge, credenza) shall run in the same direction.
  - f. Custom finishes shall be available.
  
9. Storage Options
  - a. Upper bookcases shall be available in 42" to 54" heights and be offered in widths of 18" to 60". Bookcases shall be offered in veneer or laminate finish and have wood, frosted glass or metal door options.
  - b. Overhead cabinets shall be available in 16" to 30" heights and be offered in widths or combination of widths of 18" to 84". These shall be offered in veneer finishes and have the door option of wood veneer.
  - c. Wall mounted cabinets shall be hung with wall mount brackets.
  - d. Vertical wardrobe and storage units shall be available in heights to line up with the total height of desk and upper bookcase units combined.
  
10. Technology
  - a. Grommet locations may be specified for factory installation on desks, works surfaces and credenzas.
  - b. Panels on approach side of desks shall be removable to allow for access to internal wire management capabilities.
  - c. Access to power and data must be integrated into the worksurfaces and include options for a hinged panel that allows for easy access to walls with space for wire management.
  - d. All floor casegoods to have adjustable leveling glides and shall be inserted into solid wood cleats.

11. Drawer pulls to meet ADAAG Standards. Centered mounting location. Horizontal for all drawers. Vertical for all doors.
12. Desk has 6" recess on guest side with one fixed pedestal.
13. Bridge will have modesty panels and shall be a two-part panel that may be field modified to a half-height panel to provide enhanced access to building wall receptacles by removal of the bottom modesty panel section.
14. Credenza, pedestals, lateral files within the shell shall have the ability to be located interchangeably with left to right or right to left capability.
15. Overhead Cabinets will have a tackable panel fabric under it and front top hardwood profile edge. European hinges, fully adjustable with 110° opening and soft close feature.
16. Drawer fronts shall be solid wood, MDF, lumber core, or a minimum three (3) ply balanced laminated construction of minimum forty-five pound (45lbs.) density fiber-core material with face veneer on the exposed side.
  - a. Drawer fronts shall attach separately to the drawer box.
  - b. Drawer boxes shall be constructed of solid wood, lumber core, wrapped MDF or particleboard, or metal materials.
  - c. File drawers shall utilize a heavy-duty full extension metal ball bearing slide for smooth operation. Box drawers shall utilize a full extension slide.
  - d. Constructed with dovetail joinery or dowels.
  - e. Deep Drawers will be bottom loadable to 150 lbs.
  - f. Include one (1) pencil tray to fit pedestal drawer box.
17. Library Carrels
  - a. Will be HPL laminate worksurface with hardwood matching edge.
  - b. Veneer wood finish chassis.
  - c. It will be maximum 42"-45" high and placed Back to Back with modesty panel between.
  - d. Duplex power module will be installed on each worksurface. Cord length 8' to plug into wall outlet. Provide for cutouts where necessary.

## **1.2 GROUP 3 – SEATING**

1. General Requirements:
  - a. All seating shall meet a minimum capacity weight of 300 lbs. unless otherwise described in the technical specifications.
  - b. Upholstery will have a minimum 100,000 double rubs with stain resist finish Nanotex, Crypton, or Incase unless otherwise specified.
  - c. Task Seating Shall be ergonomic and have a pneumatic height adjustable

Seat, swivel/tilt control

- 1) Mesh Back or Upholstered Contoured Back on the Front & Back with the back of the back option for Black Plastic. Upholstered Seat Cushions.
- 2) Height adjustable arms can be added or removed on site. Height adjustable backs with adjustable lumbar support and seat adjustability to tilt and provide forward/backward adjustment.
- 3) 5-Star Base in black with options for hard casters, soft casters or glides.

d. Public Area Beam Seating

- 1) Shall have T or Triangle or Cantilever arms attached directly to the beam support.
- 2) Rectangle or Square Table Tops attached to the beam support .
- 3) Tables will be HPL surface with PVC matching edge as shown on the floor plan.
- 4) Seat is nylon plastic shell with no upholstery.
- 5) Beam support is steel powder coated.

e. Lounge Chairs

- 1) Will meet weight capacity of 500 lbs.
- 2) It will have high pressure laminate arm panels
- 3) upholstered in a durable polyurethane to meet 15 weeks hydrolysis test.
- 4) Minimum 20 lb weight should be added to make the chair more difficult to move.

f. Stacking Chairs

- 1) Shall have full support bracing under the seat.
- 2) Stacks to minimum 36 high on cart or 10 high on the floor
- 3) Sled Base
- 4) Option for glides on hard floors
- 5) Seat and Back will be high density Polypropylene with UV color inhibitors.
- 6) Seat will be a minimum of 19"W
- 7) 300 lb minimum weight capacity

### **1.3 GROUP 4 - INDUSTRIAL STORAGE AND SHELVING**

1. The requirements for industrial shelving shall be inclusive of a modified cantilever design consisting of three basic components: uprights, shelves and shelf supports. No clamps or special tools shall be required for assembly. Shall contain no sway braces, gussets, rivets, butts or bolts to slow assembly, or detract from form or function. The shelving shall have a clean appearance without holes on exposed surfaces except where the shelves and backstops are slotted for dividers.
  - a. Industrial Open Shelving will be 14-gauge steel shelves reinforced with flanged channel construction. 14-gauge cold rolled steel uprights. (5) shelves adjustable on 1 ½" increments. 11-gauge cold rolled steel side and back anti-sway braces.
  - b. Wood inserts for shelves will be termite treated, polyurethane sealed, plywood. Using Low or no VOC finishes. No Presswood or MDF shelving inserts are acceptable.
2. Fabricate units from Class 1, cold-rolled steel sheet with all bends sharp and true and no exposed "knife" edges.
  - a. All units shall be free of burrs, sharp edges and projecting hardware with smooth non-abrasive surfaces & edges.
  - b. After fabrication, shelving shall exhibit no dents, "oil canning", buckling or other surface irregularities.
  - c. Uprights formed from sheet steel with flanges on all sides and return hem on front and back flanges. Uprights shall have keyhole slots on inner wall only. Provide with sheet steel panels full height and depth of end uprights. Provide intermediate "tee" uprights between adjacent units.
  - d. Shelves formed from sheet steel with flanges on all sides and return hem on front and back flanges. Ends shall be formed to clear inside of upright offset panels. Shelves shall be independently adjustable. Provide all shelves with slots for file dividers.
  - e. Canopy Tops to have same construction as shelf units.
  - f. Include a 3 ½" backstop or centerstop.
  - g. Shelving All metal powder coated and double rivet construction. Can be a combination of starters and adders.
  - h. Will be secured to the wall or floor for earthquake preparedness for any storage above 48"h.
  - i. Allow min 12"H clearance between open shelves for banker box size items.

2. Nominal Shelf Dimensions:
  - a. Standard Width: 30"w, 36"w, 42"w.
  - b. Shelf Edge Vertical Profile: 3/4" maximum.
  - c. Vertical Adjustment Increment: 1" to 1-1/2".
  - d. Width of Intermediate Uprights: 2".
  - e. Clearance Between Uprights Nominal shelf section width minus 2".
  - f. Levelness of Completed Shelf Units maximums 1/8 inch between bottom shelf and canopy top, measured along the edge of any upright in any direction.
  - g. Number of Vertical Shelf Spaces as indicated in the Furniture and Equipment Technical Specifications and Drawings.
  - h. Vertical Shelf-To-Shelf Spacing as indicated in the Furniture and Equipment Technical Specifications and Drawings.
3. Load Carrying Capabilities: Provide shelf units capable of supporting 150 pounds per lineal foot with maximum deflection of 1/140. Shelves shall exhibit no permanent deflection under fully loaded conditions.
4. Powder Coat Paint Finish: All parts are cleaned in a six state surface prep machine prior to coating, including:
  - a. Heated alkaline wash
  - b. Fresh water rinse
  - c. Heated iron phosphate coat
  - d. Fresh water rinse
  - e. Re-circulated de-ionized water rinse
  - f. Fresh de-ionized water mist

After prepping, the material is dried at 250 degrees for 5-1/2 minutes. The painting process is an electrostatically applied powder coating system using an epoxy- polyester hybrid power paint. The average thickness of applied film is 1-1.5 mils. The coated parts are then oven cured for 20 minutes at up to 450 degrees to provide a furniture quality finish. After curing, the paint finish should be inert and no volatile emissions present

### 3. Library Shelving

- a. Will be modular and heavy duty metal 18-gauge minimum and the vertical panels will be double wall construction in both back to back and wall attached installation. Double Rivet System
- b. Back will be open with a back stop.
- c. Shelves will be adjustable in 1 ½" increments with boltless double rivet shelf supports with a 2 ½" base for a finished look.
- d. Finish will be powder coated. Shelf depth will be 15" and heights vary from 64"H to 88" high.

## 1.4 **GROUP 5 – TABLES**

### 1. General Requirements

- a. Tables shall be capable of folding, tilting, being reconfigurable and linking with and without power/data as specified in the technical specifications.
- b. Tops shall be high pressure laminate with PVC matching edge.
- c. Removable Modesty Panels
- d. Cable Management with Surge Protection Power/Data in both recessed modules that can "Daisy Chain" power linking up to 4 tables in a run with a 8'-12' plug in cord.
- e. Metal bases shall be a minimum 14-gauge and will have powder coated finishes or nickel plated finish with a clear coat to maximize the durability.
- f. Monitor Holders will be installed on selected tables. Monitor equipment installation is not included.
- g. Leg bases shall have options for Casters, Self Leveling Glides or Floor Mounted with Brackets.
- h. Flip Top Tables will have one Transport Dolly for storage.
- i. Electrical circuits, cable sizes and power/data connections as described in the furniture list to be coordinated with electrical and data consultants.

## 1.5 **GROUP 6 - SECURITY EQUIPMENT**

### 1. General Requirements

#### j. **WALK THROUGH METAL DETECTORS.**

- 1) Double Detection scans from both the left and right sides, ensuring superior detection. Each panel has receivers and transmitters, making this metal detector as powerful as two.

- 2) Non-Interference- the adjustable frequencies and superior filtering make it so any effects from outside frequencies will not interfere with the sensitivity
  - 3) 33 Pinpoint Zones which accurately identify various targets on the right, center, and left sides, from the head to the feet of the individual. They are displayed by two distinct LED columns.
  - 4) Random Alarm Feature- adjustable from 0 to 50%, this feature randomly selects individuals on which to sound the alarm. This provides additional security as those individuals may then be submitted to an additional search with a hand-scanner.
  - 5) Directional Counter- tracks the number of individuals passing through the metal detector, what direction they were going, and the number of alarms.
  - 6) Advanced broadband detection technology- ensures exceptional target analysis, discrimination and higher throughput.
  - 7) Networking provides remote control, group management, data analysis and monitoring.
  - 8) Display Features Pacing Lights at the entrance of the metal detector display international stop and go symbols which control the flow of traffic.
  - 9) The Alarms volume is adjustable. LED lights provide a visual alarm.
  - 10) Control Outputs contains solid state switches for operating alarms and control devices Security Features:
  - 11) To change the settings, one must have a key to the lock, and pass through two levels of access codes. In addition, a cabinet lock ensures greater security, as it prevents unauthorized individuals from tampering with electronics, connectors and cables.
- k. Construction Features
- 1) Made from aluminum, contains Detection Heads, and is scratch-resistant.
  - 2) No adjustments or rewiring are necessary. Fully automatic 100 to 240 VAC.
  - 3) Operates perfectly from 4 to 158 degrees, and up to 95 non-condensing humidity.
  - 4) Foreign Object Protection/ Weatherproofing- meets the IP 55, IEC Standard

## **I. X-RAY SECURITY SCREENING**

- 1) High quality Imaging capabilities facilitate the detection of multiple threats, including weapons, narcotics, explosives and other contraband.
- 2) High levels of penetration and resolution to allow the operator to see through denser items, easing analysis of different commodities.
- 3) Higher special resolution to provide the ability to detect difficult items such as fine wires and electronic circuitry.
- 4) Heads up operator display interface with touch pad control
- 5) Image archiving
- 6) Configurable operator interface
- 7) Multi-language support
- 8) Bi-directional scanning
- 9) Network ready
- 10) 19" LCD Monitor
- 11) Side mounted operator interface
- 12) Long, Medium and Short conveyor lengths
- 13) Entry/Exit tunnel shrouds
- 14) Infrared operator-proximity sensor
- 15) Uninterruptible power supply (UPS) and input line filter
- 16) Certified to be in full compliance with all radiation safety requirements and external emissions limits as specified in the US code of Federal Regulations, Title 21,

## **m. SAFE**

- 1) 3 adjustable shelves
- 2) Door 5" Slab high density fiber reinforced material
- 3) Massive heavy duty adjustable ball bearing hinges on the outside of the safe to prevent door removal.
- 4) Anti-burglary components TL-15-3822. Cross locking relockers, punch resistant spindle handle and lock. Tempered Glass reloading Trigger, Bridge mounted lock and 1 ¼" chrome plated locking bolts.
- 5) Electronic Digital Lock

- 6) Sides: 3" slab of high density barrier material.
- 7) Weight 1,540 LBS; There is no loading dock at the jobsite. Provide lift equipment as necessary for installation.
- 8) Burglar Rating: TL-15
- 9) Fire Rating 1 Hour**

# KONA JUDICIARY COMPLEX

PROJECT NUMBER 11-21-7673
