

G. LISTING JOINT CONTRACTORS OR SUBCONTRACTORS (HRS, 103D-302)

It is the sole responsibility of the bidder to review the requirements of this project and determine the appropriate Specialty Contractor's licenses that are required to complete the project. The bidder acknowledges that as a General Contractor ('A' or 'B' license) the bidder is prohibited from undertaking any work solely or as part of a larger project, which would require the bidder ('A' or 'B' General Contractor) to act as a Specialty ('C' license) Contractor in any area in which the bidder ('A' or 'B' General Contractor) has no Specialty Contractor's license. The bidder ('A' or 'B' General Contractor) must have the appropriate 'C' Specialty Contractor's licenses either obtained on its own, or obtained automatically under HAR §16-77-32.

General Engineering 'A' Contractors automatically have these 'C' Specialty Contractor's licenses: C-3, C-9, C-10, C-17, C-24, C-31a, C-32, C-35, C-37a, C-37b, C-38, C-43, C-49, C-56, C-57a, C-57b, and C-61.

General Building 'B' Contractors automatically have these 'C' Specialty Contractor's licenses: C-5, C-6, C-10, C-12, C-24, C-25, C-31a, C-32a, C-42a, and C-42b.

Bidder agrees the completed listing of Joint Contractors or subcontractors is required for the project and that the bidder, together with the listed Joint Contractors and Subcontractors, have all the Specialty Contractor's licenses to complete the work.
