

Summary of Changes (v24.08):

The Directive takes effect immediately. Also, COMPTROLLER'S MEMORANDUM NO. 2024-20, Guidelines - Project Labor Agreements (PLA) for State Construction Projects, dated July 26, 2024, applies to solicitations for projects with proposal/bid due dates on or after July 1, 2024, and on or before the date on which the PLA expires.

In accordance with the Directive, only covered construction projects with an award in excess of one million five hundred thousand dollars (\$1,500,000), are required to conform with Project Labor Agreement requirements.

All formal solicitations for construction using the competitive sealed bidding or competitive sealed proposal methods of procurement will be required to contain the Project Labor Agreement requirements. The PLA requirements will only be invoked if the award amount exceeds one million five hundred thousand dollars.
